VOTE 4611: COUNTY ASSEMBLY

Part A. Vision

To be an effective, and efficient supreme law making institution in the county.

Part B. Mission

To provide oversight and representation through legislation and public participation to ensure cordial corporate relationship with other arms of Government.

PART C. Performance Overview and Background for Programme(s) Funding

The Core mandate of County Assembly is to legislate, represent and ensure good governance through its oversight role. For this to be achieved, budget provision is made to improve capacity for Members of County Assembly to make laws, fully participate in the Budget making process and also improve capacity for staff through capacity building programmes and also leveraging usage of information communication technology. These will entail adequate funding to ensure that County Assembly efficiently and effectively fulfills constitutional functions in a representative system of County Government.

The County Assembly was allocated a budget of **kshs, 829,070,000**the **FY 2018/2019**. These comprised of both recurrent and development items amounting to **Kshs, 709,070,000** and **Kshs, 120,000,000**respectively.

The major achievements made by the County Assembly during the last few months for the FY 2018/2019 include:

- Passing of Appropriation Bill 2018/19
- Passing of Finance Bill 2018
- Passing of several motion
- Passing the Annual Development Plan 2019/20
- Adopting pf the County Review and Outlook Paper 2018
- Passing of the County Fiscal Strategy Paper 2019
- Passing of Supplementary Appropriation Bill 2018/19
- Ongoing construction of New County Assembly Offices

VOTE 4611: COUNTY ASSEMBLY

The County Assembly has experienced challenges and constraints in the implementation of its budget among them are:

- Delays in Exchequer releases.
- Under funding of county operations.
- Office space and
- High public expectations.

Part D: Programme Objectives/*Overall outcome*

Legislation and Representation:	To conduct research on legislative policies, Statute formulation and drafting, Engage on public participation on legislative process to ensure accountability, transparency, good governance and prudent public financial management.
General Administration and Planning Services	To plan, control, organize and coordinate resources in the County Assembly under cut back budget.

VOTE 4612: OFFICE OF THE GOVERNOR

A. Vision

To be a leading county in diversity and growth of the county's economy and enhance the quality of life of our residents.

B. Mission

To provide leadership in the modernization of the county, by coordinating county government departments in implementing their policies, using existing systems and structural frameworks and within the applicable norms and standards to improve service delivery.

C. Strategic Overview and Context for Budget Intervention

Kshs 278, 877, 257 was allocated to the Office of the Governor in the **FY 2018/19** to finance information and communication system. During this financial year, the department's main challenge was a huge and un-proportional wage bill against development expenditure requirement. The department also faced a challenge of insufficient and irregular funds inflows from the treasury.

The county executive has been allocated **Kshs 350,980,000** for the financial year **2019/2020**. This is an increased by **Kshs 72, 102, 743** from the previous year budget of **Kshs 278, 877, 257**. This increased funds are to be used to cover deficits experienced in the previous financial year's operations.

D. Programmes and their Objectives

Programme	Objectives
------------------	-------------------

VOTE 4613; DEPARTMENT OF FINANCE, ECONOMIC PLANNING, ICT&E- GOVERNMENT

PART A: Vision Statement

To be a model department in financial and economic management for socio-economic growth and development in Narok county government

PART B: Mission Statement

To pursue prudence in fiscal and monetary policies to effectively coordinate government economic planning and financial management for rapid and sustainable economic development of the county government

PART C: Performance Overview and Context for Budget Interventions.

The core functions of the department is to ensure proper coordination of development programs, mobilization of resources, management and accounting of financial services of all county entities in order to promote efficient and effective use of the county's Budgetary resources. The department further assists County Government entities to develop their capacity for efficient, effective and transparent financial management and preparation of the County Budget and both initiating action for monitoring of the absorption and control of approved budgetary resources by departments and other agencies. The Functional Units within the Department include: Revenue, Audit, Economic Planning, Ict and E-government, Supply chain management, Budget Formulation, coordination and management, Accounting Services and the County Treasury.

For the FY 2019/2020 the Total Budgetary allocation for the Department amounts to **Kshs.1, 371,320,000**, that includes **Kshs. 820,760,000** for recurrent expenditure and **shs.550, 560,000** for development expenditure. It is envisaged that the Allocated resources will be prudently utilized by the department to carry out its devolved functions and render support services to other County departments and Agencies as stated in the PFM Act 2012. The department will continue to embrace electronic procurement and payments in the county to improve on efficiency, accountability, transparency in utilization of resources and timely production of financial reports.

In line with Best practices, the department will continue to embrace modern communication and Technology. For the forthcoming Financial Year, the ICT and E-government Unit intends to accomplish three (3) major milestones, namely: . Development of websites for schools within the county, Improve Intra and inter-Departmental connectivity and Networking and ICT incubation Centre in the Maasai Mara Region.

In line with the Big four Agenda and towards job creation for the youth, the department will continue developing innovative skills development and Job creation through ICT by expanding its Ajira programs and collaborating with development partners through the **World Bank SBP** Project.

The Department will continue building on lessons learned on past achievements, for instance the department was able to prepare and operationalize the Second Integrated Development Plan (CIDP) for Narok County, Coordinated the preparation of Narok County budget and County Budget Review and Outlook Paper (CBROP) as well as the County Annual Development Plan (ADP). In line with statutory and constitutional requirements the department carried out Public participation exercise where the views of the members of the public were sought in expenditure reviews and key priority development areas. The Department prides itself in nationally acknowledged improved Revenue collections mainly through Automation of revenue collection and improved transparency

Despite the many achievements made so far, many challenges still remain. There are challenges of inadequate work stations for the staff, huge pending bills and delays in exchequer disbursements. The existing vehicles are inadequate for field operation especially for key units such as Internal audit, Revenue collections and supervision and the monitoring and evaluation teams, However the department will continue to strengthen the existing structures and feedback mechanisms for M &E and Audit units.

PART D: Programmes and their Objectives

Programme	Objectives
------------------	-------------------

<p>Programme 0301: General Administration, Planning and Support Services</p>	<p>To facilitate overall management and efficient effective service delivery to the public by the department</p>
<p>Programme 0302: Public Financial Management</p>	<p>To develop, sustain and safeguard a transparent and accountable system for the management of public finances</p>
<p>Programme 0303: County Economic Planning</p>	<p>To strengthen policy formulation, planning, budgeting, tracking implementation and providing updated county statistics</p>
<p>Programme 0304: ICT Services</p>	<p>To ensure availability of accessible, efficient, reliable and affordable ICT services within the county.</p>

Part E: Summary of the Programme Outputs and Performance Indicators for FY 2019/20 – 2021/22

Programme 1: General Administration Planning and Support Services						
Objective: To have an efficient, effective and service oriented staff and empowered and informed customer						
Outcome: An efficient, effective and service-oriented staff; and empowered and informed customer						
Sub Programme	Key Outcome	Key performance Indicators	(Baseline) 2018/19	Estimates 2019/20	Target 2020/21	Target 2021/2022
Administrative Services	Trained staff	No. of staff trained	Over 50%	28	40	40
	Improved working environment	No. of offices renovated		5	7	7
	Digitized records	% of records digitized		100%	100%	100%
	Improved service delivery	percentage (%) Increase in Effective service delivery		100 %	100%	100%
		No. of motor vehicles procured		5	6	6
HIV/AIDS awareness	Reduced HIV/AIDS prevalence	Amount of money spent on HIV/AIDS awareness (Millions)	N/A	1	1	1
Programme 2: Public Financial Management						
Objective: To have a transparent and accountable system for the management of public financial resources						
Outcome: A transparent and accountable system for the management of public financial resources						

Sub Programme	Key Outcome	Key performance Indicators	(Baseline) 2018/19	Estimates 2019/20	Target 2020/21	Target 2021/2022
Accounting services	Compliance to statutory requirements	Appropriation accounts prepared and submitted to the county assembly by 30 th Sept	90% Compliance	30 th Sept	30 th Sept	30 th Sept
		County budget prepared on IFMIS Procurement to pay system – Budget finalized by 30 th April	95% Compliance	30 th April	30 th April	30 th April
Resource mobilization/revenue administration	Improved local revenue collection	Amount of revenue collected (Billions)	2.485	2.737	2.846	2.956
		Percentage of automation of revenue collection system (%)	70 %	75 %	80 %	90%
Budget Formulation, Coordination and Management	Compliance to statutory requirements on PBB	PBB prepared by 30 th April	95% Compliance	30 th April	30 th April	30 th April
	Improved budget formulation, coordination and planning	No. of Sector Working Group Reports(SWGs) reports prepared		10	10	10

Supply Chain Management Services	Improvement county procurement services through e - procurement	Percentage of procurement services rendered through e- procurement		100%	100%	100%
Internal Audit Services	Value-for money (VFM) audits	No. of MDAs in which VFM audits conducted		1	1	1
	Prompt Audit queries response	Operationalization of audit committee		1	1	1
Asset management services	Improve asset management	Updated asset register	1	1	1	1
		Operational asset management policy	1	1	1	1
		No. of asset management reports prepared	1	2	2	2
Programme Name: Economic Policy and County Planning						
Objective: To have improved standard of living, tracked progress in socio-economic development and timely, reliable and quality data for county planning						
Outcome: Improved standard of living, tracked progress in socio-economic development and timely, reliable and quality data for county planning						
Sub Programme	Key Outcome	Key performance Indicators	(Baseline) 2018/19	Estimates 2019/20	Target 2020/21	Target 2021/2022
Economic Planning Coordination	Improved CIDP status	No. of annual CIDP status		1	1	1

	reporting	reports				
		No. of sector specific CIDP status reports		10	10	10
	Improved Medium Term Expenditure framework (MTEF) process	No. of MTEF reports produced	1	1	1	1
	County Fiscal Strategy Paper(CFSP)	Approved CFSP	1	1	1	1
	County budget review and outlook paper(CBROP)	Approved CBROP	1	1	1	1
	CIDP evaluation	CIDP Midterm evaluation report	N/A	0	1	0
		CIDP End term evaluation report	N/A	0	0	1
	Improved policy formulation and planning	No. of sector plans produced		1	1	1
Monitoring and evaluation services	Increased M&E capacity	No of officers trained on M&E	20	10	10	10

	Available information on the status of SDGs	No. of SDGs status reports	0	1	1	1
	Easier tracking of results through e-M&E	Operational e-M&E system	0	1	1	1
	Improved M&E reporting	No. of quarterly M&E reports	0	4	4	4
		No. of annual M&E reports	1	1	1	1
Research and development services	Improved research and development	No. of specialized studies conducted	Support to Researchers provided	2	3	3
		No. of surveys	0	1	1	1
		County statistical plan	0	1	1	1

VOTE 4614; DEPARTMENT OF ROADS, TRANSPORT AND PUBLIC WORKS

Part A: Mission

To provide efficient, affordable and reliable infrastructure for sustainable economic growth and development through construction, modernization, rehabilitation and effective management of all infrastructure facilities.

Part B: Vision

A world class provider of cost - effective physical and ICT infrastructural facilities and services

Part C: Context for Budget Intervention

The major achievements during the period include acquisition of a wide range of new plant and machines which were distributed to the six sub counties for purpose of construction and maintenance of the same roads at the sub county level.

During the 2016/2017 – 2018/2019, the sector was able to achieve in partnership with national government to erect street lights in Narok town, suswa, Dukamoja, Ntulele, NairekiaEnkare, EmuruaDikir, Ololulunga , Kilgoris and Mulot central.

The amount allocated to the sector in the FY18/19 was Ksh. 1,167,490,000. The development amount was Ksh. 976,150,000 while the recurrent amount was Ksh. 191,340,000. Some of the programmes implemented in the FY 2018/2019 include:-

1. Siyiapei – Olchoro road, 50 KM
2. Kilgoris – Oronkai road – 25 Km
3. Olposimoru – Olokurto road – 34 Km
4. Keekorok airstrip
5. Olkiombo airstrip
6. Narok town drainage
7. Construction of Narok Total parking area
8. Construction of Narok garage

During the FY 2019/2020, the sector's is allocated Ksh. 1,250,760,000, with Ksh. 300,270,000 going to the recurrent while Ksh. 950,500,000 will go to development. Some of the sector's

programmes will involve the construction of new roads, upgrading of some specific class of roads and airstrips and regular maintenance of existing roads in all the wards of the county.

It will also involve the construction of bridges and installation of box culverts. The sector programmes will address all issues to do with transportation, car parks, signage's and create order in transport industry through formulation of standards, mechanization and maintenance.

Further, the sector programmes also aims at providing office accommodation to government officers through construction and rehabilitation.

Challenges

The key challenges which are affecting the implementations of the projects and programmes in the Sector include:-

- i. High capital investment required in sector projects
- ii. Vulnerability of infrastructure projects to climate change.
- iii. Vandalism of infrastructure facilities.
- iv. Weak enforcement of legal, regulatory, policy and institutional frameworks in the sector

RECOMMENDATIONS

The sector recommends implementation of the following measures in order to facilitate achievement of the prioritized programmes and projects:

1. Enhance resource allocation to the sector especially where the county has committed itself to CIDP II.
2. Build capacity within the sector to foster adoption of public-private –partnership (PPP) in projects implementation
3. Fast track integration of Monitoring and Evaluation system to ensure consistent tracking of progress in implementation of projects and programmes to improve governance and productivity of resources
4. Enhance and develop human resource capacity in the new sub-sectors
5. Promote Research and Development in the sector in terms of Manpower, Machines, Markets, Money (Project Financing), Materials & Methods

6. Integrate and coordinate legal, regulatory, policy and institutional framework to create a multi-sector agency approach to enforce standards, safe and functional built environment.
7. Fast track completion of the stalled projects

Part D: Programme Objectives/*Overall outcome*

Programme	Objectives
P.1: General Administration and Support Services	To provide Overall management and central administrative support services to the sector
P.2: Roads Construction and Maintenance	To develop and maintain an efficient, effective and secure road network in the county
P.3: Transport Services	To develop and manage an effective, efficient and secure road network.
P.4: Public Work Services	To develop and maintain cost effective government buildings and other public works.

Part E: Summary of the Programme Outputs and Performance Indicators *for FY 2019/20 -2021/22*

Programme	Delivery Unit	Key Outputs (KO)	Key Performance Indicators (KPIs)	Baseline 2018/19	Target 2019/20	Target 2020/21	Target 2021/22
Programme name; GENERAL ADMINISTRATION AND SUPPORT SERVICES							
Outcome ; Efficient service Delivery							
Administrative Services	Roads, Transport and Public works	Efficient service delivery	Customer satisfaction level	70%	80%	90%	100%
Recruitment	Public service board	Increased institution capacity service delivery	Number of officers recruited	80%	90%	100%	100%
Training and development	Human resource department	Improved service delivery	Customer satisfaction	20%	50%	60%	80%
P 1 : Roads Services							
Outcome: Improve accessibility in all parts of the county							
SP1.1 Roads maintenance	Roads Department	Roads/airstrips graveled and graded	Number of Kilometers of roads graveled and graded	300	400	450	500

Programme	Delivery Unit	Key Outputs (KO)	Key Performance Indicators (KPIs)	Baseline 2018/19	Target 2019/20	Target 2020/21	Target 2021/22
SP.1.2 Construction of Box Culverts	Roads Department	Box culverts constructed	Number of box culverts constructed	2	2	3	3
SP.1.3 Opening of new roads	Roads Department	New roads opened	Number of Kilometers of new roads opened	250	300	350	400
P.2 : Transport Services							
Outcome ; Accessibility of transport services							
SP.2.1 Transport services	Department of transport	To improve accessibility of transport services	Efficiency and effective use of machines	40	50	60	80
		Parking spaces constructed	Number of parking spaces constructed	100	150	160	170
		Bus/Lorry Parks constructed	Number of Lorry/Bus parks constructed	2	4	4	4

Programme	Delivery Unit	Key Outputs (KO)	Key Performance Indicators (KPIs)	Baseline 2018/19	Target 2019/20	Target 2020/21	Target 2021/22
		Weighbridges constructed	Number of weighbridges constructed	2	2	2	2
P.3; Public Works Services							
Outcome Enhanced mobility and hence improved livelihoods							
SP.3.1 Designing of new Buildings	Public Works Department	New Buildings Designed	Number of new buildings designed	30	40	50	60
SP.3.2 Supervision of new buildings	Public Works Department	New buildings supervised	Number of new buildings supervised	25	30	35	40
SP.3.3 Maintenance of office buildings	Public Works Department	Office buildings maintained	Number of office buildings maintained	10	15	20	25
SP.3.4 Construction of footbridges	Public Works Department	Footbridges constructed	Number of footbridges constructed	5	6	7	8

VOTE 4615; EDUCATION, SPORTS, YOUTH AFFAIRS, CULTURE AND SOCIAL SERVICES

PART A: Vision

To achieve a globally competitive quality education, sports and cultural services inclined towards training and research for sustainable development in the county.

PART B: Mission

Mission to create an enabling environment through participatory engagement in the provision of quality education, youth and women empowerment, sports, cultural and social services.

PART C. Performance Overview and Background for Programme(s) Funding

This sector forms the fabric of Society and is responsible for socio-economic development. The sector is mandated to address the issues on promotion and exploitation of County's diverse culture for peaceful co-existence; promotion of pre-primary education and development of youth polytechnics; development and promotion of sports; cultural and sports tourism; regulation, development and promotion of the film industry; research and preservation of music in the county.

The department has six units; Education, social services, Sports, Culture, Gender and Youth affairs

In FY18/19, the County allocated Ksh 1,332, 480,000 of which ksh.643, 680,000 will be recurrent and ksh.688, 800,000 is a development funding the entity.

Achievements

Education Sub-sector: The main achievement in the unit during period under review includes;

- ✓ Increase in literacy level from 63% to 67% within the period under review;
- ✓ Increase in ECDE enrolment from 52384

to 69030 as a result of recruitment of ECDE caregivers from 475 to 1387;

- ✓ Improvement of teacher: pupil
- ✓ Ratio from 1:110 to 1:53 due to the recruitment of 912 ECDE caregivers;
- ✓ Improvement of ECDE transition and retention rate from 82% to 89% due to improved infrastructural facilities and construction of additional ECDE centers. Beyond the ECDE level there was an improvement in transition rate from primary to secondary school attributed to among other factors, the increase in number of secondary schools from 77 to 110.
- ✓ Capacity building of ECDE caregivers
- ✓ Increase in enrollment from 69030 to 72066
- ✓ Renewal of contract for ECDE caregivers
- ✓ Increase in the number of ECDE centers to 930
- ✓ Procurement of teaching learning materials
- ✓ Construction of ECDE classrooms
- ✓ Recruitment of additional ECDE coordinators

Challenges

- ✓ Inadequate number of ECDE caregivers
- ✓ Inadequate infrastructure
- ✓ Implementation of the new curriculum
- ✓ Inadequate teaching learning materials
- ✓ Job insecurity for the ECDE caregivers
- ✓ Lack of motivation

Way forward

- ✓ Construction of model classrooms
- ✓ Teachers to be employed on permanent basis
- ✓ Teachers to be promoted for motivation
- ✓ Introduction of feeding programme to improve retention and completion rates
- ✓ Procurement of additional teaching learning materials for example curriculum design
- ✓ Capacity building of ECDE caregivers on the new curriculum should be done more often at least twice a year

- ✓ On job training for long serving teachers

Termly assessment

.Vocational training. Achievements in sub-sector included; Employment of an additional 171 instructors leading to increase in enrolment and retention; Infrastructural improvement - two classrooms in two VTCs (Ilmotiok and Oldonyoorok), two dormitories in Enelera VTC leading to improved quality of training and increased enrolment; Provision of scholarships to 50 trainees in collaboration with KCB foundation which enabled disadvantaged youth attain quality training. Supply of equipment's to Ilmotiok VTC worth Kshs. 16 million in collaboration with National Government which have improved practical training.

VOCATIONAL EDUCATION TRAINING.

ACHIEVEMENTS

1. Employment of 26 instructors on permanent and pensionable terms.
2. Employment of 79 instructors on contract basis.
3. Renovation done in Narok vocational training center.
4. Training and certification of trainees.

CHALLENGES

1. No substantive principals and deputy principals to oversee the management of the VTCS.
2. Inadequate tools and equipment's
3. Poor infrastructures in nine vocational training center's
4. Poor attitude towards TVET training
5. Poor payment of school fees by trainees
6. Lack of enough support staff to enhance effective running of the institutions.

WAY FORWARD

1. Employing more skilled instructors on permanent and pensionable terms.
2. In with the national government the county government is disbursing a total of 31M to vocational training center's for infrastructure, purchase of tool and equipment's and support day today running of the center's (SVTCSG)

3. Development of a master plan for TVET Training in collaboration with ILO and other partners
4. Development of customized curriculum that is relevant to the job market for VTCS in collaboration with ILO and other partners
5. Construction of fully equipped ICT center at Narok Vocational Training Centre in collaboration with ZIZI AFRIQUE.

Sports;Not able achievement included completion of the construction of Narok Stadium in collaboration with the National Government at a cost of Kshs. 313,676,678.80 which saw the county host Kenya Premier league matches. Other achievements includes; hosting of National Cross Country Championships at Kiligoris, South Rift Athletic Championship in Narok, organizing Maisha Football league in collaboration with Ministry of Health, Participating in Eldoret City marathon, hosting Nairobi region intercollegiate athletics championships, Women football league, Organizing and participating in KICOSCA games in Kisi town for county employees, participating in PWDS sports body election in Eldoret, holding sports and culture team leaders election, hosting rift valley chapadimba finals in Narok stadium, hosting bodaboda safety awareness workshop at the Narok stadium, hosting trainings for coaches, umpires and referees for volleyball, netball and football, hosting an international friendly match between sofapaka fc and kampala city council fc. By the close of year 2018 December, the county government sponsored three sports disciplines to the Kenya intercounty Youth games (KYISA) at Kapsabet, Nandi County. Players were picked from the best in the six sub counties.

Challenges in sports

Lack of enough skilled sports technical personnel eg coaches and trainers, lack of enough sports facilities e.g. stadiums, fields, courts and training grounds, halls for indoors games, social halls for social competitions, lack of maintenance funds for existing facilities like stadium, Unavailability of talent centers to tap and nurture new talents, misuse of stadium with sports nonrelated events like livestock shows and auction, lack of reliable transportation means like a departmental bus where we are forced to hire which is expensive. Lack of subordinate staff like grounds men and cleaners for facilities like stadium.

Way forward in sports

Training and hiring more technical personnel like coaches and trainers, constructing more sports facilities like stadiums, courts, fields and grounds, and social halls in every sub county. Initiating and funding more talent centers and sports academies in each sub county. Avoiding holding non-sports related events in the stadium to maintain status and standards. Procure or purchase a bus for the department to ease transportation of sports persons and to save money through hiring.

Attach security personnel and subordinate staffs to facilities like stadium and sports offices to protect them.

Culture-The department successfully organized the UNESCO workshop on safeguarding intangible and tangible heritage that led to the safeguarding of the three main rites of passage (eunoto, enkpaata and olngesher). The department also organized ceremonies on rites of passage which has been critical in preservation of indigenous culture. A number of cultural groups were registered including herbal actioners, musicians and dramatists which has enabled smooth operations of the groups. Held workshop for herbal PR actioners on hygiene. The department facilitated the county cultural troupes in the presidential music commission festivals and Kenya regional and national music festivals whose aim is to promote peace and co-existence between communities the festivals took place in Eldoret and Meru counties respectively. The county facilitate maasai elders and cultural to citizen TV where MAA culture was the topic, the avenue was used to give information on the rich positive MAA way of life.

Culture sub sector

Challenges

1. Lack of infrastructural funds i.e. for construction of cultural centers
2. Culture doesn't have an office space
3. Funds for research and policies formulations are not available
4. No skilled personnel
5. Poor and negative attitudes towards the development and preservation of cultural values and practices which are perceived outdated and no value

Way forward

1. Hiring of more skilled personnel
2. Avail funds for infrastructural development including office space as culture is the face of county
3. Facilitation of research and policies formulation

Social Services. Key achievement includes bursary allocation to people with disabilities (PWDs) and children with humble background which has increased access to education; provision of assistive devices to PWDs to improve their mobility and remove stigma. Funding of registered PWDs groups in the entire county. Medical scheme for the PWDs through NHIF

Gender and Youth Affairs-

The department trained 1,000 youth on BodaBoda riding safety; Trained 6040

Women on Income Generating Activities (IGAs) which is critical in improving living standards. The department also created FGM awareness in Narok East and West aimed at reducing FGM prevalence and child early marriages

Youth empowerment for future development of which over 400 youth attended,

Investors' forum on how to empower youth, job creation and industrialization within the county

Held international women's day at Itongo where 1000 women are in attendance

CHALLENGES

- Inadequate funding for programs within the Gender and Youth Affairs department.
- Lack of furniture, office equipment, tools, ICT materials and gadgets.
- Lack of a Gender and Youth Policy to govern service delivery.
- Lack of establishment of a gender & youth fund to provide funds towards income generating ventures for well organized groups against approved proposals of economically viable enterprises.
- Challenge of peer education and counseling of secondary school girls & boys so as to inspire self-drive and motivation to succeed in life.

WAY FORWARD

Gender & Youth Affairs

- There is need for development or formation of a gender & Youth policy to govern the service delivery to these special interest groups.
- There is need to establish a gender & youth fund to provide funds towards income generating ventures for well organized groups against approved proposals of economically viable enterprises.
- The County government should enter into memorandum of understanding with stakeholders of Gender and Youth Affairs so as to harness effective community service delivery and avoid duplication of role.

- The bursary board should make provision of funds that benefits the girl child so as to deter early marriage and teenage pregnancies, which is so rampant in our county.
- There is need for peer education and counseling of secondary school girls & boys so as to inspire self-drive and motivation to succeed in life.
- County government employees need to undergo induction training at the Kenya School of Government so that they can learn basis service delivery of service and public servants ethics and code of conduct.

PART D: Programmes and their Objectives

Programme	Objective
Programme 1: General Support Administration and Services	To provide Overall management and central administrative support
Programme 2: Manpower Development Services	To expand access, equity and improve the quality of ECDE, Vocational Education and Training.
Programme 3: Sport Development	To promote and develop sports facilities and sports talent.
Programme 4: Culture and Arts	To harness, preserve and promote Narok county rich cultural heritage, and the arts
Programme 5: Social Development and Children Services	To mainstream gender and youth affairs in social and economic development.

PART E: Summary of the Programme Outputs and Performance Indicators *for FY 2019/20 -2021/22*

Delivery Unit	Key Outputs (KO)	Key Performance Indicators (KPIs)	Baseline 2018/2019	Target 2019/20	Target 2020/21	Target 2021/22
Programme 1: General Administration, Planning and Support Services						
Outcome: An efficient, effective and service oriented staff and empowered customer						
Sub-Programme 1.1: Administrative Services						
Department of education, sports, culture and social services	Overall general administration of the department overseen	% of training needs requirement addressed	85% effective service delivery 75% of training needs assessment requirement	90% effective service delivery 85% of training needs assessment requirement	95% effective service delivery 95% of training needs assessment requirement	100% effective service delivery 100% of training need assessment requirement
	Quality service delivery in wards	No. of offices constructed in wards	6	2	3	4

VOTE 4616; DEPARTMENT OF ENVIRONMENT PROTECTION, ENERGY, WATER& NATURAL RESOURCES

A. Vision

A regional leader committed to sustainable utilization, management and development of water, energy, minerals and natural resources.

B. Mission

To facilitate sustainable utilization, management and development of water, energy, mineral and natural resources for county growth and posterity.

C. Strategic Overview and Context for Budget Interventions

The department is mandated to: Protect, conserve, manage and increase access to clean and safe water for socio-economic development; Initiate strategies and development plans relating to conservation, protection and management of environment and natural resources; Safeguard environment, catchment areas and sustainable utilization of basin based resources: and promote the development and use of renewable energy.

The key achievements for the 2018/19 MTEF period include; rehabilitation of water infrastructure, construction of water pans for rains water storage, drilling and equipping of boreholes.

Ongoing projects includes, Narok Sewerage system, Lelongo dam W/p, Olepunyua W/p, Suswa w/s, Kilgoris w/s rehabilitation,Lolgorian w/s, Pinyinyi w/project, Entasekera W/project, Olopikindongoe w/projectSogoo w/project, Upper Narok Dam water project.

Key development partners including RVWSB, LVSWBS, ENSDA, WSTF, NWC&PC and World Bank among others have ongoing water projects in various stages of implementation.

The key achievements in the Environment, Energy and Natural resources sub-sectors were;

Implementation of Narok County Environment Management Act 2017, Distribution and planting of over 300,000 seedlings across the county, Domestication of the Charcoal Regulations, Formation of the Narok County Research and Information Hub, Formation of strategic partnerships with key stakeholders, carrying out of environmental clean ups campaigns, and the reforestation of the forest areas and maintenance.

In energy sector, there has been continuous maintenance of Solar power Grid at Talek Town, more households were connected to the national grid, and in conjunction with national government, the county implemented street lighting program in 10 urban centers. World Bank under the ministry of Energy have embarked on an electrification programme in off grid areas under the Kenya Off-Grid Solar Access Project (KOSAP) programme aimed at increasing energy Access to underserved areas in the county.

In ICT the department also had Wi-Fi installed for faster communication.

The department however encountered a number of challenges which includes delay in disbursement of funds from the county treasury, slow and bureaucratic procurement processes, and inadequate allocation of funds to priority areas, inadequate transport, and inadequate office space and inadequate computers, printers and photocopiers.

With the allocation for F/Y 2019/20 budget being ceilinged at Kshs**326,443,061.07**, the department has plans to address the challenges which include requesting the procurement office to decentralize the services to departments, purchasing of more computers and printers and decentralization IFMIS system in order to ease payments of suppliers and operations.

In the F/Y 2018/19 the department was allocated a total of **Kshs. 315,034,553** out of which Kshs**225, 500,000** was for capital expenditure and Kshs**89,535,553** was for recurrent expenditure.

The department also reviewed its programmes and its objectives to confine within our current balances.

PART D: Programmes Objectives.

No	Programme	Objectives
1	General Administration, Planning and Support Services	To provide policy and legal framework for efficient and effective management of the water, energy, environment and natural resources.
2	Environmental protection and conservation.	To ensure ecosystem health and integrity is maintained across the county.
3	Energy Access	To increase access to affordable, adequate and reliable energy for socio-economic

		transformation
4	Water Resources Management	To increase access to safe, adequate, sustainable water and sanitation services

**PART E: Summary of the Programme Outputs and Performance Indicators for FY
2019/2020 – 2021/2022**

Forest protection unit	Establishment of tree Nurseries in 6 sub counties	No of tree nurseries established	-	2	2	2
	Increased Tree cover in degraded areas	No of tree seedlings planted in degraded areas	300,000 seedlings	35,000	35,000	35,000
	SP 2.3 Agroforestry					
Forest protection unit	Increased area under agroforestry by 10%	Percentage area under agroforestry (donating 2,000 seedlings to farmers)	-	2%	2%	2%
	SP2.4 Beautification of recreational parks					
Forest protection unit	Provided green Beautified, safe recreational parks	No of urban centers provided green and safe recreational park	-	2	2	2
	SP 2.5 Solid waste management					
Environmental	Developed a 10-year strategic plan on Solid waste management	A Narok County strategic plan on waste management in place	-	-	1	-

protection	Developed 30 No waste segregation, collection and transportation sub-stations	No of sub-stations developed	-	2	2	2
	Installed waste treatment plant	A waste treatment and recycling plant in place	-	-	-	-
	Established dumpsite in 6 sub county headquarters	No of dumpsites established (Acquisition of land 2 sites, 5 acres each)	-	2	2	2
	Decommissioned of existing dumpsite	Restoration of current dumpsite to original state	-	-	-	-
	SP 2.6 Clean-up of rivers and Protection of riparian land					
Environmental protection	Cleaned up rivers and Protected riparian land	No. of Kms of riparian land protected and cleaned up rivers	0.5	5	5	5
	SP 2.7 Climate change					
Environmental protection	Developed climate change policy and work plan	Climate change policy and work plan Act	-Draft in place	1	-	-
	Narok County Climate Change Fund created	Established Narok County Climate Change Fund	-	1	-	-
	S.P 2.8 Environmental and social impact assessments and audits as well a noise zoning					
Environmental protection	Increase compliance with environmental audit	No of Environmental Audits done	To be determined	24	24	24
	SP 2.9 Formulation of the policies and regulations to operationalize the Narok County Environment Act 2017					

Environmental protection	Policies and regulations developed to operationalize the Narok County Environment Management Act 2017	Policy and regulation documents developed.(Charcoal, Forest, Env)	-	3	-	-
	S.P 2.10 Liquid waste management					
Environmental protection	A fully operational sewer system serving the residents of Narok County	Advertised and award of contract for construction of sewer system	-	-	-	-
	S.P2.11 Marking of important world environmental days and awareness creation					
Environmental protection	Marked world environmental days	No of Celebrations Held	2	3	3	3
	S.P. 2.12 Noise Zoning					
	Reduced noise pollution	A noise zoning map	-	6	6	6
	PROGRAMME 3. ENERGY ACCESS					
	Outcome: : Increased energy access by 20% from the current rate of 20% to 40% by 2022					
	SP 3.1 Rural electrification					
Energy	Increased connection to the power grid under Rural electrification	Percentage of households connected to the power grid	20%	24%	28%	32%
	SP 3.2 Renewable energy					
Energy	A developed policy framework and implemented on renewable energy	A Narok County renewable energy Act and work plan	-	1	-	-

	Installed solar powered grids in at least 10 public facilities	No of public facilities fitted with solar power grids	1	2	2	2
	Established of a waste to-energy plant	No of waste-to-energy plants installed	-	1	1	1
	Explored geothermal energy mines	No of geo-thermal energy mines explored	-	1	1	1
	PROGRAMME 4: WATER RESOURCES MANAGEMENT.					
	Outcome: Increased access and availability of safe and adequate water resources and sanitation services.					
	Sub Programme 4.1: Dams and Pans					
Water Resources	Increased rain Water Storage	No of small dams each of capacity 50,000M ³ constructed	30	3	3	3
	Increased rain Water Storage	No of pans each of capacity 21,000 M ³ constructed	232	6	6	6
	Increased rain Water Storage	No of plastic tanks of each of capacity 10,000 Lts installed with roof harvesting structures	200	60	60	60
	Sub Programme 4.2: Boreholes drilling and equipping					
Water Resources	Increased water supply services	No of boreholes successfully drilled and equipped (Drilling by Narok County rig)	213	30	30	30
	Sub Programme 4.3: Water supplies construction					
Water Resources	Increased number of households accessing clean	No. of new water supplies constructed	19	1	1	1

	water					
	Sub Programme 4.4 water supplies infrastructures rehabilitation and expansion					
Water Resources	Improved water supply services	No of water supplies rehabilitated and expanded	177	5	5	5
	Upgraded boreholes to solar powered	No of solar power boreholes (Kosap Word bank support programme)	25	0	0	0
	Increase water storage capacity	No of dams desilted (rehabilitated)	2	1	1	1
	Sub Programme 4.5: Draught Mitigation					
Water Resources	Increased safe water trucking capacity	No of water bowser procured	2	-	-	-
	Accessed water to draught hit areas	No of trips of water trucking to affected areas	-	150	150	150
	Floods impact mitigation	No Flood control infrastructures constructed (Check dams and gabions)	-	1	1	1
	Disinfected safe drinking water	No water tabs distributed	-	100,000	100,000	100,000
	Sub Programme 4.6: Sanitation					
Water Resources	Increase access to sanitation services	No of public Toilets blocks constructed	-	5	5	5
	Provided access to sanitation services and safe disposal of waste water	No of waste water treatment plants and sewerage system constructed (NCG contribution to World bank	-	1	1	1

		funded project – Land)				
	Sub Programme 4.7: Springs catchment development and protection					
Water Resources	Increased water sources protected and improved water access	No of springs protected and developed	-	10	10	10

4617; PUBLIC SERVICE BOARD

A. Vision

To be an efficient, effective and accountable public service provider to the residents and stakeholders of Narok County.

B. Mission

To establish a dedicated Human Resource base that will ensure good and participatory governance for sustainable development of Narok County.

C. Performance Overview and Background for Programme (s) Funding

During the Financial Year period 2018/2019 the approved board budget was Kshs 71,366,163, however the expenditure for the said half financial year from July to December 2018 was Kshs: 25,645,216 representing 36% of the annual budget.

The major achievements made by the County Public service board during the financial year 2018/2019 was:

- Recruitment of staffs, which include but not limited to, administrators, health practitioners, estimated 600 ECDE teachers and youth development officers.
- County staff bio-data verification exercise and digitization of county staff database.
- Development of county human resource strategic plan: human resource manual, board charter.

The board paid attention to ethnic and gender diversity in the recruitment of officers.

Some challenges faced during the period include:

- High expectations from citizens on public service delivery
- And inadequate budgetary support.

Expectation during the FY 2019.2020 includes:

- Adequate financial support.
- Smooth transition period.
- Delivering service to the expectation of the public and in line with the relevant laws of Kenya.

- Proper analysis of county staff database with an aim of identifying ghost workers and alignment of staffs with their profession.

The board intends to focus its energy in the financial year 2019/20 budget towards:

- Establishment of systems and structures for the promotion of national values and principles of governance as underpinned under article 10 and article 232 of the constitution of Kenya, 2010.
- Establishment of system and structure that promote human resource capacity building, discipline, training and fairness in staffs promotion
- Focus on efficiency, effectiveness and equity in service delivery
- And address ethnic and gender diversity in appointments

To realize these objectives, the sector has allocated a total of Kshs. 85, 950, 000 for the financial 2019/ 20 budget which is an increase of 17% from the previous budget allocation. This funds will meet the sectors recurrent expenditure spread as shown in table H.

D. Programme Objectives

Programme

Objective

P.1 General Administration, Planning and Support Services	To formulate, implement and review appropriate support policies and institutional frameworks for efficient and Effective service delivery in the county.
P.2 Human Resource management and Development	To transform Public Service to be professional, efficient and Effective in the county.
P.3 Governance and National Values	To promote good governance, values and principles in the Public Service at the county.

**E. SUMMARY OF PROGRAMME OUTPUTS AND PERFORMANCE INDICATORS FOR
2018/2019 - 2021/2022**

Programme: .1. General Administration, Planning and Support Services.

Outcome: Improved service delivery.

Sub Programme: S.P 1.1Board management services.

Delivery unit	Key Output(KO)	Key performance indicators	Target 2018/19 Baseline	Target 2019/20	Projected target	
					2020/21	2020/2021
Public Service Board	Timely communication of board decisions	No. of days taken to communicate board decision to MDAS	2 days	1day	1day	1-day

Programme: 2 Human Resource management and Development

Outcome: Quality service delivery in the county's public service.

Sub Programme: S.P 2.1Establishment of consultancy service.

Delivery unit	Key Output(KO)	Key performance indicators	Target 2018/19 Baseline	Target 2019/20	Projected Target	
					2020/21	2021/2022

VOTE 4618; AGRICULTURE SECTOR PROGRAMME BASED BUDGETS (PBB) 2019/2020

Part A. Vision

To be the leading agent in commercializing agriculture, ensuring food security and creation of wealth

Part B. Mission

To improve livelihoods and economic well-being through agribusiness, appropriate policy environment, effective support services and sustainable natural resource management.

Part C. Performance Overview and Background for Programme(s) Funding

A summary of the major achievements of the sector during the period July 2016-June 2019 is given below;

1. Facilitated 22 dairy co-operatives with a milk cooler each and constructed 6 housing units for coolers.
2. Expedited the issuance of 450,000*50Kg of assorted subsidized fertilizers
3. 10,000 heads of cattle were artificially inseminated. 35 animal health were trained on artificial insemination and facilitated with the necessary equipment.
4. Open up 1000 acres of land for irrigation of high value crops. 10 green houses and open land drip irrigation technology was promoted
5. 6M doses of assorted vaccines were acquired and administered to livestock in the county against common Trans boundary diseases. 1.5M heads of livestock were sprayed/dipped
6. Facilitated certification of 1.5M livestock for trade within and outside the county and 12,000,000 of livestock were certified for local consumption
7. Distributed 12,500 bags of range cubes, 20,000 UMMB and 3000 bales as relief feed for livestock during the drought.
8. A total of 50,000kgs of pasture seeds and 1.5M MT of assorted seeds/planting materials, were acquired and distributed to farmers
9. An approximate of 210,000 farmers were reached with various technical extension packages through open field days, individual targeting and benchmarking tours
10. Rehabilitated/constructed 15 livestock markets sale yards and cattle 10 dips
11. Promoted construction of 5 demo fish ponds and organized 3 eat more fish campaigns
12. Over 2M seedlings of fruit, fodder trees and agroforestry were distributed and planted

13. Sunk 2 boreholes and constructed 8 water pans for domestic, livestock, crops and fish production
14. Initiated the livestock inaugural show/exhibition in Narok town
15. Purchased and distributed 150 breeding bulls

THE MAIN CHALLENGES FACING THE SECTOR INCLUDE;

Inadequate funding to the sector

The operational and development funds were inadequate during the period under review. There is need to implement the Malabo declaration, which required the governments to commit at least 10% of their total budget for agricultural development.

Delays in disbursement of exchequer

Delays of exchequer releases have impacted negatively on implementation of the sector program resulting in delay incompletion of projects as scheduled and pending bills that form the first charge in the following financial year.

Inadequate markets and market infrastructure

Marketing of the agricultural produce is affected by inadequate market information, market infrastructure and supportive infrastructure such as roads, cold storage facilities and energy leading to post harvest losses.

Inadequate Human Resource

Due to increased mandate and responsibilities, the sector has been having shortfalls in staffing the various sub-sectors. The shortfall has been occasioned by natural attrition; freeze in employment; conferment of new functions coupled within adequate succession planning and management.

High incidence of human, animal and crop diseases

Rapid increase in the incidence of lifestyle diseases such as Diabetes, and Hypertension amongst others has resulted in the loss of productive human resources hence reducing productivity of the agriculture department. On the other hand, emergence of new animal and crop diseases such as Fall armyworm, Maize Lethal Necrosis Disease, Blue tongue disease and Peste des Petit (PPR).

Land fragmentation

This is decrease in productive land sizes due to subdivisions thus making commercial farming less profitable and viable.

Impact of Climate Change

Climate change, occasioned by global warming manifests in extreme and unpredictable weather patterns. This distorts prediction of seasons and production cycles thereby negatively affecting agricultural productivity. It also manifests in frequent and prolonged droughts, frosts, floods and emerging new pests and diseases which impact negatively on the sustainability of the agricultural activities.

Inadequate access to quality and affordable inputs

Inadequate access to affordable and quality inputs is critical in ensuring increased production and productivity. The major inputs in agriculture include seeds, fertilizer, pesticides, breeding animals, veterinary inputs, fingerlings etc.

RECOMMENDED SOLUTIONS

- a) The Narok County government should review upwards the budget ceiling for the department of Agriculture, Livestock and Fisheries. The allocation should at least meet the 10% threshold of the Malabo declaration (2014).
- b) The Narok County government should ensure adequate and timely release of allocated funds in line with the approved cash flow plans for effective and efficient implementation of projects and programs;
- c) Promote investments in market information systems, safety and quality assurance and market infrastructure through Public Private Partnerships;
- d) Promote alternative livelihood sources
- e) Adopt climate smart technologies to mitigate impacts of climate change;
- f) Promote conflict resolution activities especially among the pastoral communities in collaboration with other stakeholders; and

Part D: Programs Objectives

	PROGRAMME	OBJECTIVE
1	General administration planning and support services	To provide efficient and affective support services to agricultural programmes
2	Crop development and management	To increase food and nutritional security and household incomes through improved productivity, value addition and commercialization
3	Livestock resources development and management	: To promote, regulate and facilitate livestock production for socio-economic development and industrialization
4	Fisheries development and management	To maximize contribution of fisheries to poverty reduction, food and nutritional security and creation of wealth
5	Sustainable environmental management and social inclusion	To improve environmental resilience and social inclusion

4619; HEALTH AND SANITATION

Part A. Vision:

To provide an efficient and high-quality healthcare system that is accessible, equitable and affordable for every Kenyan.

Part B: Mission:

To promote and participate in the provision of integrated and high-quality preventive, promotive, curative and rehabilitative health services.

Part C. Context for Budget Intervention

Health is the single largest devolved function and therefore the expected biggest consumer of county resources. This budget has been prepared with this in mind to strike a balance between intra-sectoral alternatives on one hand and inter-sectoral on the other. In that respect, the government is committed to provide for accessible, quality and affordable health care to the County residents. This can be attained by seeking to modernize our health investments by putting up more health facilities and recruitment of more staff to increase accessibility, put up the prerequisite infrastructure and equipment to ensure provision of quality health care.

The county government is keen to curb the labor disputes in the health sector by respecting CBA to create conducive working environment. Health, as one of the social sectors seeks to increase its budget every financial year to maintain the required national standards of health budget provision of 15 % (Abuja declaration).

The high impact areas like maternal and child health has been adequately prioritized. Some of the partners' commitments have been reflected here.

Achievements

The health priorities in the 2018-2022 CIDP were; reduction of high HIV prevalence in the county, increase access and uptake of Family Planning (FP) commodities among the population, improve access to immunization among the children, increase skilled deliveries, reduction of all levels malnutrition, halt and reverse the rising burden of non-communicable diseases as well accelerate

reduction of burden of communicable conditions. During the period under-review the department performance in terms of meeting set target were varied. The specific achievements were;

- (i) On access to health services at ease, the percentage of the population who can access health facility within a radius of less than one Kilometer (KM) increased from 5% to approximately 10%. On the other hand, the proportion of population travelling for more than 5 KM to access health facility reduced from 70% to 65% between 2013 and 2017. This has been achieved through deliberate intervention towards improving physical infrastructure of health facilities across the county.

Towards reducing high HIV prevalence, over the review period the HIV prevalence rate in the country reduced from 5.0% to 2.7%. Among interventions contributing to this were

- (i) Increased number of HTS Counselors, Outreaches, and Integration of HTS in different service. Increase in percentage of the skilled deliveries from 18 per cent to 40 per cent between 2013- 2017 also has a bearing in reducing mother to child HIV transmission.
- (ii) To improve emergence referral systems, the county procured 11 ambulances through a lease agreement with Kenya Red-Cross organization. The ambulances stationed in the six sub-counties have been critical in responding to emergencies which has subsequently reduced death related slow and weak emergence and referral system.
- (iv) On improving access to curative and preventive healthcare and service delivery at the facilities, 48 nurses and 11 public health officers were recruited and deployed from the of 50 nurses and public health officers. However, despite employment of the new medical staff, the ratio of doctors and nurses to patients remains unfavorable; 1: 40000 and 1:15000 respectively. In terms of bed capacities in public health facilities increased by 68 while that of private health facilities increased by 52 beds.
- (v) To prevent diseases and promotion of healthy lifestyles; 1 measles, rubella, neonatal tetanus campaign and 5 polio campaigns were conducted; 176 villages were delivered and certified

ODF from a target of 1800 villages as part of community led total sanitation. In addition, 39 health promotion campaigns were done and over 30 community units were established. In addition, 20 new ART/PMTCT sites were activated 15 TB diagnostic and treatment sites activated from a set target of 50 for each.

(vi) Towards infrastructural improvement from a target of upgrading five health facilities to level 4, only one (Emurua Dikirr) work is progress with construction currently on-going. Other infrastructural projects undertaken/ in progress includes; Iladoru dispensary, Erusiai dispensary, re-construction of OPD in Takitech dispensary, Chemamit dispensary, construction of maternity ward in Ilkerin ward, Mogondo dispensary, Romosha dispensary, Angata Barrikoi health facility, Oldonyo-orok and Kondamet dispensary. Improve staff morale through Remunerations, Promotions, Career development, Housing, Safe working environment in terms of health objective.

Challenges

Despite the recruitment of new personnel, health department is still characterized with huge technical staff deficit with a ratio doctor to population of 1:30395 and nurse to population ratio of 1: 3230. In addition, shortage of the human capacity, industrial actions among employed staff have also hampered operation of department. The department also faces regular stock out for essential commodities. Moving forward, there is need for forecasting and requisition of essential commodities to inform procurement.

Recommendation/way forward

To effectively discharge its mandates the department needs to be equipped with more technical staff, relevant equipment according to the level of service offered by different facilities, ensure regular and adequate supply of health commodities both pharmaceutical and non-pharmaceuticals. In addition, all health facilities should have access to electricity and necessary amenities such as piped water for effective operations as well as ensuring the land where the facilities are situated are secured and title deeds provided

In the FY 19/20, the county has allocated **Ksh. 2,733,830,000** to continue improving on preventive and curative health and to cater for the new medics and operations of the medical equipment to enable the provision of adequate and sustainable health service delivery and **ksh. 580.51m** for development.

Part D: Programme/ Objectives

Programmes	Objectives
General Administration, Planning & Support Services	To improve service delivery and provide supportive function to implementing units under the health and sanitation department.
Preventive & Promotive Health Services	To reduce incidence of preventable diseases and ill health.
Curative Health Services	To improve health status of the individual, family and community.

Part E: Summary of the Programmes Outputs and Performance Indicators for FY 2019/20

VOTE 4620; DEPARTMENT OF LAND, HOUSING, PHYSICAL PLANNING AND URBAN DEVELOPMENT

Part A: Vision

To be an excellent sector in land and urban planning and management and in provision of quality housing.

Part B: Mission

By formulating favorable land resources, Housing and physical planning policy for efficient coordination and monitoring of urban development for sustainable, land, housing and physical planning management of the county.

PART C: Performance Overview and Context for Budget Interventions.

In the FY 2019/2020 the Total Budgetary allocation for the Department amounts to **Kshs 334,290,000**, this includes **Kshs. 83, 410, 000** for recurrent expenditure and **Kshs.250, 880,000** for development expenditure. This allocation will tackle issues of fixing the development of the spatial plan and maintenance of the government houses which is also a source of revenue to the county government.

The Department seeks to improve and enhance service delivery. This will be done by doing customer awareness campaign. The survey department intends to purchase surveying equipment to enhance services to the public.

The department has a plan to construct a new headquarter.

The housing department seeks to acquire land and build new housing units across the county and refurbish the existing houses in order to curb the current staff housing crisis. It also intends to register new and unregistered houses.

There are also plans to renovate the Maasai Mara houses.

The physical planning department intends to do physical and development plans for different

towns of the county. The department intends to prepare a development plan in the following towns;

- ☐ Lemek - Narok West Sub-County
- ☐ Dikirr - T/East
- ☐ Kilgoris -Transmara West Sub-County
- ☐ NairagieEnkare -Narok East Sub-County
- ☐ Narosura - Narok South Sub-County – (Special Case),
- ☐ Ntulele -Narok East Sub-county (special case)
- ☐ Olpusimoru-Narok West Sub-county (Special Case)
- ☐

There is also a plan to rehabilitate the barter markets within the county which include:

- ✓ Suswa
- ✓ Ntulele
- ✓ NairagieEnkare
- ✓ Muthurwa
- ✓ EwuasoNyiro
- ✓ Sakutiek
- ✓ Olokurto
- ✓ Ololulunga
- ✓ Naroosura
- ✓ Nkosuani
- ✓ EndonyoNarasha
- ✓ Olpusimoru
- ✓ Aitong
- ✓ Lolgorian
- ✓ KeyianOgwedhi
- ✓ OngataBarikoi
- ✓ Enoosaen
- ✓ Njipiship
- ✓ Murkan
- ✓ OlodonyioOrok

Achievements.

Notable achievement in the sector includes renovation of more than 90 houses, security fencing of 15 houses to reduce encroachment of government quarters, increased monthly collection of rent to Ksh.500, 000, commencement of preparation of Narok Town Zoning Plan, Development of Narok Town Integrated Strategic Urban Development Plan (2011- 2030), Completion of Narok town storm water drainage phase 1 system and rehabilitation of Narok town Slaughter House to promote and ensure health meat. In land and Survey section 6 land adjudication sections were completed and title deeds issued out, 500 sub plots were created at Ratia A and Ole WaubariSuswa-KitetNaikarra.

Challenges

In housing sub-sector high interest rate of mortgage is adversely affecting the house ownership plans. Other factor includes poorly developed infrastructure and scarcity of land. In urban development, there are no established and gazetted urban areas within the county which is also affecting development. Other challenge relates to lack of a G.I.S expert plan of having all local physical development digitized as per the requirements of the County Government

PART D. Programmes and their Objectives

Programme	Objective
Program 1- Town management Services	To improve physical and social infrastructure in Towns
Program 2- Land Policy	To ensure efficient and effective administration of land Resources
Program 3- Housing development and Management	To improvement adequacy, access, security and safety to government housing.
Program 4-Physical Planning and Urban Management	To Ensure sustainable Land use planning and proper management of urban centers
Program 5:Administration and support services	To provide overall Management and central administrative support services to the sector

PART E. Summary of Programme Outputs and Performance Indicators for 2019/20 - 2021/2022

Delivery Unit	Key Outputs	Key Performance Indicators	Baseline 2018/19	Estimates 2019/20	Target 2020/2021	Target 2021/2022
Programme 1: Town Management Services						
SP. 1.1 Physical planning and urban development						
Town management and physical planning	Storm water drainage works	No of Kms of Storm water drainage works	1	10	2	2
	Rehabilitated	Rehabilitated

VOTE 4622 – TOURISM AND WILDLIFE

A. Vision

To be the premier tourist destination in Africa.

B. Mission

To develop and promote unique and diverse tourism products within a sustainable framework and to facilitate tourism investments by championing enabling legal and policy framework for domestic and export business to thrive.

C. Strategic Overview and Context for Budget Intervention.

The sector is very important to the county not only in revenue collection but also in sustainability of many livelihoods. It contributes more than 80% of local revenue and more than 30% of the county annual budget. In the financial year 2018/2019 the department focused on conserving the great Maasai Mara by continued focus on improvement of infrastructure, opening up new tourist viewing circuits, upgrade security systems, marketing, and enhancement of staff capacity and protection of wildlife by taking our security personnel for refresher courses.

The department was allocated a subtotal of **Ksh. 264830000** of which **Ksh. 64230000** was recurrent and **Ksh. 200600000** was set for development. The amount allocated is intended to carry out administration and compensation of employees. On development, the departments intend to carry out the following projects;

- Purchase of police and security equipment.
- Building center of excellent.
- Development of Tourism products and other infrastructure and civil work.
- Development of Mara Management Plan.
- Purchase of specialized plant, equipment and machinery.

Among other achievements the department hosted the annual Mara Day 2018 which played a big role in marketing the country as a preferred tourist destination. The department also participated

in rhino monitoring and surveillance in the game reserve and also ensured the Mara eco-system is preserved by ensuring zero illegal grazing.

With this and many more the park was voted the best tourism destination in the world for the 6th time in row.

Challenges

The main challenges in the Tourism sub sector includes; seasonal volatility of the tourist, human-wildlife conflicts. However the department has endeavored to overcome these challenges by creating community conservation awareness that ensures this rich heritage is preserved for posterity.

D. Programmes and their Objectives

Programme	Objectives
Programme : General Administration, Planning and Support Services	To provide overall management and administrative support services to the department.
Programme : Wildlife Conservation and Security	To heighten and promote security of both human and wildlife within the Mara ecosystem for sustainable tourism.
Programme : Tourism Development and Promotion	To promote awareness, drive sales, improve branding of the Mara, gather market and advertised intelligence and disseminate to cooperative members

4623; COUNTY PUBLIC SERVICE MANAGEMENT

A. Vision

To be a leading county in growth with diversified economy and enhanced quality of life of county residents.

B. Mission

To lead the modernization of the county, by assisting county government departments to implement their development programs by providing structural solutions within applicable policy framework and acceptable standard norms for sustainable service delivery.

C. Strategic Overview and Context for Budget Intervention

County Public Service Management is charged with the mandate of providing county leadership in implementation of county development agenda through coordination and information sharing amongst the county entities to ensure that there is harmony and that county development is in accordance with existing laws, policies, plans and programmes.

In FY 2018/19 the County Executive was allocated a total of Kshs. **962,699,082** with Kshs**924,149,082** being recurrent expenditure and Kshs. 38, 550, 000 for development expenditure. During the first half of the financial year, the sector spent Kshs**377,475,224** with major achievements period including; facilitating the County Public Service Management in fulfilling its mandate in accordance with the constitution of Kenya 2010, the County Government Act 2012 and the Public Finance Management Act 2012; facilitating capacity building to the officials of the county executive committee members, and improvement of county infrastructures.

In FY 2019/20, the county public service management has been allocated **Kshs.1, 161, 770, 000**, an increase of **Kshs. 199, 070, 918** from the previous budget of **Kshs 962, 699, 082**. **Kshs1, 010, 840, 000** of the allocated budget is to fund recurrent expenditure while **Kshs150, 930, 000** is for development. This funds are to help facilitate the County Public Service Management in capacity building to its staff, improvement of county service management and county infrastructures.

Challenges

Some of the challenge encountered in the course of budget implementation process was resource constraints which affected the achievement of planned programmes.

D. Programmes and their Objectives

PROGRAMME	OBJECTIVES
Programme 1: Human Resource Management and Development	To formulate, implement and review appropriate support policies and institutional framework for efficient and effective service delivery.
Programme 2: Disaster Management	Disasters and emergency response coordination
Programme 3: County Government Administration and Field Services	To ensure effective and coordination of government services.
Programme 4:	To promote good governance, values and principles in the Public Service at the county.

Governance and National Values	
Programme 5: Public Financial Management	To develop, sustain and safeguard a transparent and accountable system for the management of public finances
Programme 6: County Economic Planning	To strengthen policy formulation, planning, budgeting, tracking implementation and providing updated county statistics
Programme 7: ICT Services	To ensure availability of accessible, efficient, reliable and affordable ICT services within the county.

4624; DEPARTMENT OF TRADE, INDUSTRIALIZATION, AND COOPERATIVE DEVELOPMENT

PART A: VISION

To be a global leader in trade, promotion, investment, cooperative and private sector development

PART B: MISSION

To facilitate trade, investment and industrialization by creating an enabling environment to thrive domestic and export services.

PART C: PERFORMANCE OVERVIEW AND BACKGROUND FOR PROGRAMME(S) FUNDING

The department of Trade, Industrialization and Cooperatives was carved out of Tourism and wild life and consists of three delivery units: Trade, industrialization, and Cooperatives development. Under the trade department, we have the Weight and Measures, Industrialization, & Investment Board sections. During FY 2018/19 the department prepared and organized a trade fair and livestock exhibition show to promote investment to accelerate business and investment. During FY 2018/19 the department prepared and organized a trade fair and livestock exhibition show to promote investment to accelerate business and investment.

Achievements

The sector priorities for the 2018-2022 CIDP implementation period included facilitating Fair Trade & Consumer Protection, Business Support Services, Construction of modern markets/stalls /Jua Kali sheds and upgrading existing markets, promote business producer groups & co-operatives, investment promotion, capacity building, audit & advisory services, investment & marketing and sensitization & awareness. Notable achievement for the department for the period 2013-2017: successful organizing an inaugural Narok investment summit where more than Sh.53billion investment worth ventures were agreed upon; the sector was also crucial in increasing the number of cooperatives to 213; automation of the licensing process; Acquisition of weighbridge and establishing a one stop shop for business registration. In the 2018/19 financial year, the department, in collaboration with the department of agriculture prepared a livestock show/trade fair and exhibition that led to promotion of trade and opened up investment opportunities.

Challenges

Key challenges includes; Lack of adequate research information for policy development and project implementation and lack of capacity building and exposure for co-operative members leading to inadequate extension service and Inability of most cooperatives to comply with the cooperative legislation.

Way Forward

To mitigate challenges related to implementation the department should actively embark on public participation on development of county plans and budget proposals. To scale – up access to affordable loans, there is need for a co-operative Enterprise Development revolving fund and operationalization of the already existing Joint Loans Board Kitty. For effective implementation of the set projects, the departments’ annual budgetary allocation needs to be increased. In addition there is need for optimal utilization of recurrent and operational expenditure.

The department will undertake to tackle issues of funding to ensure smooth implementation of programmes that require field work operations. Some of these include lending to traders and training loan beneficiaries to ensure a healthy loan portfolio and revenue leakages, conduct appropriate inspection to ensure conformity to licensing requirement. The department proposes to be allocated funds to the departments to run the programmes during this financial year (FY2019/20), the department has been allocated **ksh 192,750,000** to enable them continue with the Promotion of business through capacity building, construction of modern markets, regulate business activities through licensing and collect revenue which contributes to the local county revenue. This allocation comprises 1.7 percent of the county total revenue estimate. Whereas **ksh 91,710,000** and **ksh 101,040,000** has been allocated to recurrent and development respectively.

In **FY 19/20**, the department intends to implement and facilitate Fair Trade & Consumer Protection, Business Support Services, Construction of modern markets/stalls /Jua Kali sheds and upgrading of existing markets, promote business producer groups & co-operatives, investment promotion, capacity building, audit & advisory services, investment & marketing and sensitization and awareness.
