- iv) a guarantee issued by a financial institution approved and licensed by the Central Bank of Kenya,

21.4 If a Tender Security is specified pursuant to ITT 20.1, any Tender not accompanied by a substantially responsive Tender Security shall be rejected by the Procuring Entity as non-responsive.

21.5 If a Tender Security is specified pursuant to ITT 21.1, the Tender Security of unsuccessful Tenderers shall be returned as promptly as possible upon the successful Tenderer's signing the contract and furnishing the Performance Security pursuant to ITT 46. The Procuring Entity shall also promptly return the tender security to the tenderers where the procurement proceedings are terminated, all tenders were determined non-responsive or a bidder declines to extend tender validity period.

21.6 The Tender Security of the successful Tenderer shall be returned as promptly as possible once the successful Tenderer has signed the Contract and furnished the required Performance Security.

21.7 The Tender Security may be forfeited or the Tender-Securing Declaration executed:

- a. If a Tenderer withdraws its Tender during the period of Tender validity specified by the Tenderer in the Form of Tender, or any extension thereof to be provided by the Tenderer; or
- b. if the successful Tenderer fails to:
- c. sign the Contract in accordance with ITT 46; or
- d. Furnish a performance security in accordance with ITT 47.

21.8 Where tender securing declaration is executed, the Procuring Entity shall recommend to the PPRA that PPRA debar the Tenderer from participating in public procurement as provided in the law.

21.9 The Tender Security or Tender-Securing Declaration of a JV must be in the name of the JV that submits the Tender. If the JV has not been legally constituted into a legally enforceable JV at the time of Tendering, the Tender security or Tender-Securing Declaration shall be in the names of all future members as named in the Form of intent referred to in ITT 4.1 and ITT 13.2.

21.10 A tenderer shall not issue a tender security to guarantee itself.

## **22 Format and Signing of Tender**

22.1 The Tenderer shall prepare one original of the documents comprising the Tender as described in ITT 13, bound with the volume containing the Form of Tender, and clearly marked "Original. "In addition, the Tenderer shall submit copies of the Tender, in the number specified **in the TDS**, and clearly marked as "Copies. "In the event of discrepancy between them, the original shall prevail.

22.2 Tenderers shall mark as "CONFIDENTIAL" information in their Tenders which is confidential to their business. This may include proprietary information, trade secrets, or commercial or financially sensitive information.

22.3 The original and all copies of the Tender shall be typed or written in indelible ink and shall be

signed by a person or persons duly authorized to sign on behalf of the Tenderer. This authorization shall consist of a written confirmation as specified **in the TDS** and shall be attached to the Tender. The name and position held by each person signing the authorization must be typed or printed below the signature. All pages of the Tender where entries or amendments have been made shall be signed or initialed by the person signing the Tender.

22.4 In case the Tenderer is a JV, the Tender shall be signed by an authorized representative of the JV on behalf of the JV, and so as to be legally binding on all the members as evidenced by a power of attorney signed by their legally authorized representatives.

22.5 Any inter-lineation, erasures, or overwriting shall be valid only if they are signed or initialed by the person signing the Tender.

## **D. Submission and Opening of Tenders**

### **23 Sealing and Marking of Tenders**

23.1 Depending on the sizes or quantities or weight of the tender documents, a tenderer may use an envelope, package or container. The Tenderer shall deliver the Tender in a single sealed envelope, or in a single sealed package, or in a single sealed container bearing the name and Reference number of the Tender, addressed to the Procuring Entity and a warning not to open before the time and date for Tender opening date. Within the single envelope, package or container, the Tenderer shall place the following separate, sealed envelopes:

- a. in an envelope or package or container marked "ORIGINAL", all documents comprising the Tender, as described in ITT13; and
- b. in an envelope or package or container marked "COPIES", all required copies of the Tender; and
- c. if alternative Tenders are permitted in accordance with ITT15, and if relevant:
  - i. in an envelope or package or container marked "ORIGINAL-ALTERNATIVE TENDER", the alternative Tender; and
  - ii. in the envelope or package or container marked "COPIES- ALTERNATIVE TENDER", all required copies of the alternative Tender.
- d. The inner envelopes or packages or containers shall:
- e. Bear the name and address of the Procuring Entity.
- f. Bear the name and address of the Tenderer; and
- g. Bear the name and Reference number of the Tender.

23.2 If an envelope or package or container is not sealed and marked as required, the *Procuring Entity* will assume no responsibility for the misplacement or premature opening of the Tender. Tenders misplaced or opened prematurely will not be accepted.

### **24 Deadline for Submission of Tenders**

24.1 Tenders must be received by the Procuring Entity at the address and no later than the date and time specified **in the TDS**. When so specified **in the TDS**, Tenderers shall have the option of submitting their Tenders electronically. Tenderers submitting Tenders electronically shall follow the electronic Tender submission procedures specified **in the TDS**.

24.2 The Procuring Entity may, at its discretion, extend the deadline for the submission of Tenders by amending the tendering document in accordance with ITT9, in which case all rights and obligations of the Procuring Entity and Tenderers previously subject to the deadline shall thereafter be subject to the deadline as extended.

### **25 Late Tenders**

25.1 The Procuring Entity shall not consider any Tender that arrives after the dead line for submission of Tenders, in accordance with ITT 24. Any Tender received by the Procuring Entity after the deadline for submission of Tenders shall be declared late, rejected, and returned un opened to the Tenderer.

## 26 Withdrawal, Substitution and Modification of Tenders

26.1 A Tenderer may withdraw, substitute, or modify its Tender after it has been submitted by sending a written notice, duly signed by a n authorized representative, and shall include a copy of the authorization (the power of attorney) in accordance with ITT 21.3, (except that withdrawal notices do not require copies). The corresponding substitution or modification of the Tender must accompany the respective written notice. All notices must be:

- a) Prepared and submitted in accordance with ITT 21 and ITT 22 (except that withdrawal notices do not require copies), and in addition, the respective envelopes shall be clearly marked "WITHDRAWAL," "SUBSTITUTION," or "MODIFICATION;" and
- b) Received by the Procuring Entity prior to the deadline prescribed for submission of Tenders, in accordance with ITT 23.

26.2 Tenders requested to be withdrawn in accordance with ITT 25.1 shall be returned unopened to the Tenderers.

26.3 No Tender may be withdrawn, substituted, or modified in the interval between the deadline for submission of Tenders and the expiration of the period of Tender validity specified by the Tenderer on the Form of Tender or any extension thereof.

## 27 Tender Opening

27.1 Except as in the cases specified in ITT 23 and ITT 25.2, the Procuring Entity shall, at the Tender opening, publicly open and read out all Tenders received by the deadline at the date, time and place specified **in the TDS** in the presence of Tenderers' designated representatives and anyone who choose to attend. Any specific electronic Tender opening procedures required if electronic tendering is permitted in accordance with ITT 23.1 shall be as specified **in the TDS**.

27.2 First, envelopes marked "WITHDRAWAL" shall be opened and read out and the envelope with the corresponding Tender shall not be opened, but returned to the Tenderer. If the withdrawal envelope does not contain a copy of the "power of attorney" confirming the signature as a person duly authorized to sign on behalf of the Tenderer, the corresponding Tender will be opened. No Tender withdrawal shall be permitted unless the corresponding withdrawal notice contains a valid authorization to request the withdrawal and is read out at Tender opening.

27.3 Next, envelopes marked "SUBSTITUTION" shall be opened and read out and exchanged with the corresponding Tender being substituted, and the substituted Tender shall not be opened, but returned to the Tenderer. No Tender substitution shall be permitted unless the corresponding substitution notice contains a valid authorization to request the substitution and is read out at Tender opening.

27.4 Next, envelopes marked "MODIFICATION" shall be opened and read out with the corresponding Tender. No Tender modification shall be permitted unless the corresponding modification notice contains a valid authorization to request the modification and is read out at Tender opening.

27.5 Next, all remaining envelopes shall be opened one at a time, reading out: the name of the Tenderer and whether there is a modification; the total Tender Prices, per lot (contract) if applicable, including any discounts and alternative Tenders; the presence or absence of a Tender Security or Tender-Securing Declaration, if required; and any other details as the Procuring Entity may consider appropriate.

27.6 Only Tenders, alternative Tenders and discounts that are opened and read out at Tender opening shall be considered further. The Form of Tender and the priced Activity Schedule are to be initialed by representatives of the Procuring Entity attending Tender opening in the manner specified **in the TDS**.

27.7 The Procuring Entity shall neither discuss the merits of any Tender nor reject any Tender (except for late Tenders, in accordance with ITT25.1).

27.8 The Procuring Entity shall prepare are cord of the Tender opening that shall include, as a minimum:

- a) The name of the Tenderer and whether there is a withdrawal, substitution, or modification;
- b) The Tender Price, per lot (contract) if applicable, including any discounts; and
- c) any alternative Tenders;
- d) The presence or absence of a Tender Security or Tender-Securing Declaration, if one was required.

- e) Number of pages of each tender document submitted

27.9 The Tenderers' representatives who a rep resent shall be requested to sign the record. The omission of a Tenderer's signature on the record shall not invalidate the contents and effect of the record. A copy of the tender opening register shall be distributed to Tenderer upon request.

## **E. Evaluation and Comparison of Tenders**

### **28 Confidentiality**

28.1 Information relating to the evaluation of Tenders and recommendation of contract award, shall not be disclosed to Tenderers or any other persons not officially concerned with the Tendering process until information on the Intention to Award the Contract is transmitted to all Tenderers in accordance with ITT 42.

28.2 Any effort by a Tenderer to influence the Procuring Entity in the evaluation or contract award decisions may result in the rejection of its Tender.

28.3 Notwithstanding ITT 28.2, from the time of Tender opening to the time of Contract Award, if any Tenderer wishes to contact the Procuring Entity on any matter related to the Tendering process, it should do so in writing.

### **29 Clarification of Tenders**

29.1 To assist in the examination, evaluation, and comparison of Tenders, and qualification of the Tenderers, the Procuring Entity may, at the Procuring Entity's discretion, ask any tenderer for clarification of its Tender including break downs of the prices in the Activity Schedule, and other information that the Procuring Entity may require. Any clarification submitted by a Tenderer in respect to its Tender and that is not in response to a request by the Procuring Entity shall not be considered. The Procuring Entity's request for clarification and the response shall be in writing. No change, including any voluntary increase or decrease, in the prices or substance of the Tender shall be sought, offered, or permitted, except to confirm the correction of arithmetic errors discovered by the Procuring Entity in the evaluation of the Tenders, in accordance with ITT32.

29.2 If a Tenderer does not provide clarifications of its Tender by the date and time set in the Procuring Entity's request for clarification, its Tender may be rejected.

### **30 Deviations, Reservations, and Omissions**

30.1 During the evaluation of Tenders, the following definitions apply:

- a) "Deviation" is a departure from the requirements specified in the tendering document;
- b) "Reservation" is the setting of limiting conditions or withholding from complete acceptance of the requirements specified in the tendering document; and
- c) "Omission" is the failure to submit part or all of the information or documentation required in the tendering document.

### **31 Determination of Responsiveness**

31.1 The Procuring Entity's determination of a Tender's responsiveness is to be based on the contents of the Tender itself, as defined in ITT 12.

31.2 A substantially responsive Tender is one that meets the requirements of the tendering document without material deviation, reservation, or omission. A material deviation, reservation, or omission is one that:

- a) If accepted, would:
  - i. affect in any substantial way the scope, quality, or performance of the Non-Consulting Services specified in the Contract; or
  - ii. limit in any substantial way, inconsistent with the tendering document, the Procuring Entity's rights or the

Tenderer's obligations under the Contract; or

- b) if rectified, would unfairly affect the competitive position of other Tenderers presenting substantially responsive Tenders.

31.3 The Procuring Entity shall examine the technical aspects of the Tender submitted in accordance with ITT 18 and ITT 19, in particular, to confirm that all requirements of Section VII, Procuring Entity's Requirements have been met without any material deviation or reservation, or omission.

31.4 If a Tender is not substantially responsive to the requirements of tendering document, it shall be rejected by the Procuring Entity and may not subsequently be made responsive by correction of the material deviation, reservation, or omission.

31.5 Provided that a Tender is substantially responsive, the Procuring Entity may waive any non-conformity in the Tender.

31.6 Provided that a Tender is substantially responsive, the Procuring Entity may request that the Tenderer submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial non-conformities or omissions in the Tender related to documentation requirements. Requesting information or documentation on such non-conformities shall not be related to any aspect of the price of the Tender. Failure of the Tenderer to comply with the request may result in the rejection of its Tender.

31.7 Provided that a Tender is substantially responsive, the Procuring Entity shall rectify quantifiable nonmaterial non-conformities related to the Tender Price. To this effect, the Tender Price shall be adjusted, for comparison purposes only, to reflect the price of a missing or non-conforming item or component in the manner specified in the **TDS**.

## **32 Arithmetical Errors**

32.1 The tender sum as submitted and read out during the tender opening shall be absolute and final and shall not be the subject of correction, adjustment or amendment in any way by any person or entity.

32.2 Provided that the Tender is substantially responsive, the Procuring Entity shall handle errors on the following basis:

- a) Any error detected if considered a major deviation that affects the substance of the tender, shall lead to disqualification of the tender as non-responsive.
- b) Any errors in the submitted tender arising from a miscalculation of unit price, quantity, subtotal and total bid price shall be considered as a major deviation that affects the substance of the tender and shall lead to disqualification of the tender as non-responsive .and
- c) If there is a discrepancy between words and figures, the amount in words shall prevail

32.3 Tenderers shall be notified of any error detected in their bid during the notification of a ward.

## **33 Conversion to Single Currency**

33.1 For evaluation and comparison purposes, the currency(ies) of the Tender shall be converted into a single currency **as specified in the TDS**.

## **34 Margin of Preference and Reservations**

34.1 Margin of preference on local service providers may be allowed if it is deemed that the services require participation of foreign tenderers. If so allowed, it will be indicated in the **TDS**.

34.2 Where it is intended to reserve the contract to specific groups under Small and Medium Enterprises, or enterprise of women, youth and /or persons living with disability, who are appropriately registered as such by the authority to be specified in the **TDS**, a procuring entity shall ensure that the invitation to tender specifically indicates that only businesses/firms belonging to the specified group are eligible to tender as specified in the **TDS**. Otherwise, if not so stated, the invitation will be open to all tenderers.

## 35 Evaluation of Tenders

- 35.1 The Procuring Entity shall use the criteria and methodologies listed in this ITT and Section III, Evaluation and Qualification Criteria. No other evaluation criteria or methodologies shall be permitted. By applying the criteria and methodologies, the Procuring Entity shall determine the Best Evaluated Tender. This is the Tender of the Tenderer that meets the qualification criteria and whose Tender has been determined to be:
- a) Substantially responsive to the tendering document; and
  - b) The lowest evaluated cost.
- 35.2 In evaluating the Tenders, the Procuring Entity will determine for each Tender the evaluated Tender cost by adjusting the Tender price as follows:
- a) Price adjustment due to discounts offered in accordance with ITT 16.4;
  - b) price adjustment due to quantifiable non material non-conformities in accordance with ITT 31.3;
  - c) converting the amount resulting from applying (a) and (b) above, if relevant, to a single currency in accordance with ITT 33; and
  - d) any additional evaluation factors specified in the TDS and Section III, Evaluation and Qualification Criteria.
- 35.3 The estimated effect of the price adjustment provisions of the Conditions of Contract, applied over the period of execution of the Contract, shall not be considered in Tender evaluation.
- 35.4 In the case of multiple contracts or lots, Tenderers are allowed to tender for one or more lots and the methodology to determine the lowest evaluated cost of the lot (contract) and for combinations, including any discounts offered in the Form of Tender, is specified in Section III, Evaluation and Qualification Criteria. For one or more lots (contracts). Each lot or contract will be evaluated in accordance with ITT
- f) 35.5. The methodology to determine the lowest evaluated tenderer or tenderers based one lot (contract) or based on a combination of lots (contracts), will be specified in Section III, Evaluation and Qualification Criteria. In the case of multiple lots or contracts, tenderer will be will be required to prepare the Eligibility and Qualification Criteria Form for each Lot.

## 36 Comparison of Tenders

- 36.1 The Procuring Entity shall compare the evaluated costs of all substantially responsive Tenders established in accordance with ITT 35.2 to determine the Tender that has the lowest evaluated cost.

## 37 Abnormally Low Tenders and Abnormally High Tenders Abnormally Low Tenders

- 37.1 An Abnormally Low Tender is one where the Tender price, in combination with other elements of the Tender, appears so low that it raises material concerns as to the capability of the Tenderer in regards to the Tenderer's ability to perform the Contract for the offered Tender Price.
- 37.2 In the event of identification of a potentially Abnormally Low Tender, the Procuring Entity shall seek written clarifications from the Tenderer, including detailed price analyses of its Tender price in relation to the subject matter of the contract, scope, proposed methodology, schedule, allocation of risks and responsibilities and any other requirements of the Tender document.
- 37.3 After evaluation of the price analyses, in the event that the Procuring Entity determines that the Tenderer has failed to demonstrate its capability to perform the Contract for the offered Tender Price, the Procuring Entity shall reject the Tender.

### Abnormally High Tenders

- 37.4 An abnormally high price is one where the tender price, in combination with other constituent elements of the Tender, appears unreasonably too high to the extent that the Procuring Entity is concerned that it (the Procuring Entity) may not be getting value for money or it may be paying too high a price for the contract compared with market prices or that genuine competition between Tenderers is compromised.
- 37.5 In case of an abnormally high price, the Procuring Entity shall make a survey of the market prices, check if the estimated cost of the contract is correct and review the Tender Documents to check if he specifications,

scope of work and conditions of contract are contributory to the abnormally high tenders. The Procuring Entity may also seek written clarification from the tenderer on the reason for the high tender price. The Procuring Entity shall proceed as follows:

- i) If the tender price is abnormally high based on wrong estimated cost of the contract, the Procuring Entity may accept or not accept the tender depending on the Procuring Entity's budget considerations.
- ii) If specifications, scope of work and/or conditions of contract are contributory to the abnormally high tender prices, the Procuring Entity shall reject all tenders and may retender for the contract based on revised estimates, specifications, scope of work and conditions of contract, as the case maybe.

37.6 If the Procuring Entity determines that the Tender Price is abnormally too high because genuine competition between tenderers is compromised (*often due to collusion, corruption or other manipulations*), the Procuring Entity shall reject all Tenders and shall institute or cause competent Government Agencies to institute an investigation on the cause of the compromise, before retendering.

## **38 Unbalanced and/or Front-Loaded Tenders**

38.1 If in the Procuring Entity's opinion, the Tender that is evaluated as the lowest evaluated price is seriously unbalanced and/or front loaded, the Procuring Entity may require the Tenderer to provide written clarifications. Clarifications may include detailed price analyses to demonstrate the consistency of the tender prices with the scope of works, proposed methodology, schedule and any other requirements of the Tender document.

38.2 After the evaluation of the information and detailed price analyses presented by the Tenderer, the Procuring Entity may as appropriate:

- a) Accept the Tender; or
- b) require that the total amount of the Performance Security be increased at the expense of the Tenderer to a level not exceeding 10% of the Contract Price; or
- c) agree on a payment mode that eliminates the inherent risk of the Procuring Entity paying too much for undelivered works; or
- d) Reject the Tender.

## **39 Qualification of the Tenderer**

39.1 The Procuring Entity shall determine to its satisfaction whether the Tenderer that is selected as having submitted the lowest evaluated cost and substantially responsive Tender is eligible and meets the qualifying criteria specified in Section III, Evaluation and Qualification Criteria.

39.2 The determination shall be based upon an examination of the documentary evidence of the Tenderer's qualifications submitted by the Tenderer, pursuant to ITT 18. The determination shall not take into consideration the qualifications of other firms such as the Tenderer's subsidiaries, parent entities, affiliates, subcontractors or any other firm(s) different from the Tenderer that submitted the Tender.

39.3 An affirmative determination shall be a prerequisite for award of the Contract to the Tenderer. A negative determination shall result in disqualification of the Tender, in which event the Procuring Entity shall proceed to the Tenderer who offers a substantially responsive Tender with the next lowest evaluated cost to make a similar determination of that Tenderer's qualifications to perform satisfactorily.

## **40 Procuring Entity's Right to Accept Any Tender, and to Reject Any or All Tenders**

40.1 The Procuring Entity reserves the right to accept or reject any Tender, and to annul the Tendering process and reject all Tenders at any time prior to Contract Award, without there by incurring any liability to Tenderers. In case of annulment, all Tenders submitted and specifically, Tender securities, shall be promptly returned to the Tenderers.

## **F. Award of Contract**

### **43 Award Criteria**

43.1 The Procuring Entity shall award the Contract to the successful tenderer whose tender has been determined to be the Lowest Evaluated Tender.

## **42 Notice of Intention to enter in to a Contract**

42.1 Upon award of the contract and Prior to the expiry of the Tender Validity Period the Procuring Entity shall issue a Notification of Intention to Enter into a Contract/Notification of a ward to all tenderers which shall contain, at a minimum, the following information:

- a) The name and address of the Tenderer submitting the successful tender;
- b) The Contract price of the successful tender;
- c) a statement of the reason(s) the tender of the unsuccessful tenderer to whom the letter is addressed was unsuccessful, unless the price information in(c) above already reveals the reason;
- d) the expiry date of the Stand still Period; and
- e) instructions on how to request a debriefing and/or submit a complaint during the stand still period;

## **43 Stand still Period**

43.1 The Contract shall not be signed earlier than the expiry of a Standstill Period of 14 days to allow any dissatisfied tender to launch a complaint. Where only one Tender is submitted, the Standstill Period shall not apply.

43.2 Where a Standstill Period applies, it shall commence when the Procuring Entity has transmitted to each Tenderer the Notification of Intention to Enter in to a Contract with the successful Tenderer.

## **44 Debriefing by the Procuring Entity**

44.1 On receipt of the Procuring Entity's Notification of Intention to Enter into a Contract referred to in ITT 42, an unsuccessful tenderer may make a written request to the Procuring Entity for a debriefing on specific issues or concerns regarding their tender. The Procuring Entity shall provide the debriefing within five days of receipt of the request.

44.2 Debriefings of unsuccessful Tenderers may be done in writing or verbally. The Tenderer shall bear its own costs of attending such a debriefing meeting.

## **45 Letter of Award**

Prior to the expiry of the Tender Validity Period and upon expiry of the Standstill Period specified in ITT 43.1, upon addressing a complaint that has been filed within the Standstill Period, the Procuring Entity shall transmit the Letter of Award to the successful Tenderer. The letter of award shall request the successful tenderer to furnish the Performance Security within 21 days of the date of the letter.

## **46 Signing of Contract**

46.1 Upon the expiry of the fourteen days of the Notification of Intention to enter into contract and upon the parties meeting their respective statutory requirements, the Procuring Entity shall send the successful Tenderer the Contract Agreement.

46.2 Within fourteen (14) days of receipt of the Contract Agreement, the successful Tenderer shall sign, date, and return it to the Procuring Entity.

46.3 The written contract shall be entered into within the period specified in the notification of award and before expiry of the tender validity period

## **47 Performance Security**

47.1 Within twenty-one (21) days of the receipt of the Form of Acceptance from the Procuring Entity, the successful Tenderer, if required, shall furnish the Performance Security in accordance with the GCC 3.9, using for that purpose the Performance Security Form included in Section VIII, Contract Forms, or another Form acceptable to the Procuring Entity. If the Performance Security furnished by the successful Tenderer is in the form of a bond, it shall be issued by a bonding or insurance company that has been determined

by the successful Tenderer to be acceptable to the Procuring Entity. A foreign institution providing a bond shall have a correspondent financial institution located in Kenya, unless the Procuring Entity has agreed in writing that a correspondent financial institution is not required.

- 47.2 Failure of the successful Tenderer to submit the above-mentioned Performance Security or sign the Contract shall constitute sufficient grounds for the annulment of the award and forfeiture of the Tender Security. In that event the Procuring Entity may award the Contract to the Tenderer offering the next Best Evaluated Tender.

## **48 Publication of Procurement Contract**

- 48.1 Within fourteen days after signing the contract, the Procuring Entity shall publish the awarded contract at its notice boards and websites; and on the Website of the Authority. At the minimum, the notice shall contain the following information:

- a) Name and address of the Procuring Entity;
- b) Name and reference number of the contract being awarded, a summary of its scope and the selection method used;
- c) The name of the successful Tenderer, the final total contract price, the contract duration.
- d) Dates of signature, commencement and completion of contract;
- e) Names of all Tenderers that submitted Tenders, and their Tender prices as read out at Tender opening.

## **49 Adjudicator**

- 49.1 The Procuring Entity proposes the person named **in the TDS** to be appointed as adjudicator or under the Contract, at an hourly fee specified in **the TDS**, plus reimbursable expenses. If the Tenderer disagrees with this Tender, the Tenderer should so state in the Tender. If, in the Form of Acceptance, the Procuring Entity has not agreed on the appointment of the Adjudicator, the Adjudicator shall be appointed by the Appointing Authority designated in the Special Conditions of Contract at the request of either party.

## **50 Procurement Related Complaints and Administrative Review**

- 50.1 The procedures for making a Procurement-related Complaint are as specified in the **TDS**.
- 50.2 A request for administrative review shall be made in the form provided under contract forms.

## **SECTION III – EVALUATION AND QUALIFICATION CRITERIA**

### **1. General Provision**

- 1.1 Wherever a Tenderer is required to state a monetary amount, Tenderers should indicate the Kenya Shilling equivalent using the rate of exchange determined as follows:
- For construction turnover or financial data required for each year-Exchange rate prevailing on the last day of the respective calendar year (in which the amounts for that year are to be converted) was originally established.
  - Value of single contract-Exchange rate prevailing on the date of the contract signature.
  - Exchange rates shall be taken from the publicly available source identified in the ITT. Any error in determining the exchange rates in the Tender may be corrected by the Procuring Entity.
- 1.2 This section contains the criteria that the Employer shall use to evaluate tender and qualify tenderers. No other factors, methods or criteria shall be used other than specified in this tender document. The Tenderer shall provide all the information requested in the forms included in Section IV, Tendering Forms. The Procuring Entity should use **the Standard Tender Evaluation Report for Goods and Works** for evaluating Tenders.

### **1.3 Evaluation and contract award Criteria**

The Procuring Entity shall use the criteria and methodologies listed in this Section to evaluate tenders and arrive at the Lowest Evaluated Tender. The tender that

- meets the qualification criteria
- has been determined to be substantially responsive to the Tender Documents, and
- is determined to have the Lowest Evaluated Tender price shall be selected for award of contract.

The received tenders will be evaluated in **three stages** namely:

- Stage 1:** Preliminary Evaluation
- Stage 2.** Technical Evaluation
- Stage 3:** The Financial Evaluation

## **2 Preliminary examination for Determination of Responsiveness**

The Procuring Entity will start by examining all tenders to ensure they meet in all respects the eligibility criteria and other mandatory requirements in the ITT, and that the tender is complete in all aspects in meeting the requirements provided for in the preliminary evaluation criteria outlined below. The Standard Tender Evaluation Report Document for Goods and Works for evaluating Tenders provides very clear guide on how to deal with review of these requirements. Tenders that do not pass the Preliminary Examination will be considered non- responsive and will not be considered further.

### Stage 3: Financial Evaluation

Bidder scoring a total of 80% and above in stage 2 will be subject to financial evaluation.

The Lowest Ranked/Evaluated Bidder shall be considered for the award per Lot.

Narok County Government may choose to inspect the premises and or check the accuracy of any or all the information provided by the bidder.

### Award Criteria

- The tender will be awarded to the most responsive bidder.

## 3 Tender Evaluation (ITT 35)

**Price evaluation:** in addition to the criteria listed in ITT 35.2 (a)–(d) the following criteria

shall apply:

- i. Alternative Completion Times, if permitted under ITT 15.2, will be evaluated as follows:  
.....
- ii. **Alternative Technical Solutions** for specified parts of the Works, if permitted under ITT 15.3, will be evaluated as follows:.....
- iii. **Other Criteria;** if permitted under ITT 35.2 (e): .....

## 4 Multiple Contracts

Multiple contracts will be permitted in accordance with ITT 35.4. Tenderers are evaluated on basis of Lots and the lowest evaluated tenderer identified for each Lot. The Procuring Entity will select one Option of the two Options listed below for award of Contracts.

### OPTION1

- i) If a tenderer wins only one Lot, the tenderer will be awarded a contract for that Lot, provided the tenderer meets the Eligibility and Qualification Criteria for that Lot.

a) If a tenderer wins more than one Lot, the tender will be awarded contracts for all won Lots, provided the tenderer meets the aggregate Eligibility and Qualification Criteria for all the Lots. The tenderer will be awarded the combination of Lots for which the tenderer qualifies and the others will be considered for award to second lowest the tenderers.

### OPTION 2

The Procuring Entity will consider all possible combinations of won Lots [contract(s)] and determine the combinations with the lowest evaluated price. Tenders will then be awarded to the Tenderer or Tenderers in the combinations provided the tenderer meets the aggregate Eligibility and Qualification Criteria for all the won Lots.

## 5 Alternative Tenders (ITT 15.1)

*An alternative if permitted under ITT 13.1, will be evaluated as follows:*

The Procuring Entity shall consider Tenders offered for alternatives as specified in Part 2- Procuring Entity's requirements. Only the technical alternatives, if any, of the Tenderer with the Best Evaluated Tender conforming to the basic technical requirements shall be considered by the Procuring Entity.

## 6 MARGIN OF PREFERENCE

**Apply Margin of Preference**, if so allowed to all evaluated and accepted tender as follows.

- 6.1 If the TDS so specifies, the Procuring Entity will grant a margin of preference of fifteen percent (15%) to be loaded on evaluated prices of foreign tenderers, where the percentage of shareholding of Kenyan citizens is less than fifty-one percent (51%).
- 6.2 Contractors applying for such preference shall be asked to provide, as part of the data for qualification, such information, including details of ownership, as shall be required to determine whether, according to the classification established by the Procuring Entity, a particular contractor or group of contractor's qualifies for a margin of preference.
- 6.3 After Tenders have been received and reviewed by the Procuring Entity, responsive Tenders shall be assessed to ascertain their percentage of shareholding of Kenyan citizens. Responsive tenders shall be classified into the following groups:
- i) Group A: tenders offered by Kenyan Contractors and other Tenderers where Kenyan citizens hold shares of over fifty one percent (51%).
  - ii) Group B: tenders offered by foreign Contractors and other Tenderers where Kenyan citizens hold shares of less than fifty one percent (51%).
- 6.4 All evaluated tenders in each group shall, as a first evaluation step, be compared to determine the lowest tender, and the lowest evaluated tender in each group shall be further compared with each other. If, as a result of this comparison, a tender from Group A is the lowest, it shall be selected for the award. If a tender from Group B is the lowest, an amount equal to the percentage indicated in Item 3.1 of the respective tender price, including unconditional discounts and excluding provisional sums and the cost of day works, if any, shall be added to the evaluated price offered in each tender from Group B. All tenders shall then be compared using new prices with added prices to Group B and the lowest evaluated tender from Group A. If the tender from Group A is still the lowest tender, it shall be selected for award. If not, the lowest evaluated tender from Group B based on the first evaluation price shall be selected.

## 7 Post qualification and Contract award (ITT 39), more specifically,

- b) In case the tender was subject to post-qualification, the contract shall be awarded to the lowest evaluated tenderer, subject to confirmation of pre-qualification data, if so required.
- c) In case the tender was not subject to post-qualification, the tender that has been determined to be the lowest evaluated tenderer shall be considered for contract award, subject to meeting each of the following conditions.
  - i) The Tenderer shall demonstrate that it has access to, or has available, liquid assets, unencumbered real assets, lines of credit, and other financial means (independent of any contractual advance payment) sufficient to meet the construction cash flow of Kenya Shillings \_\_\_\_\_.
  - ii) Minimum average annual construction turnover of Kenya Shillings \_\_\_\_\_  
[insert amount], equivalent calculated as total certified payments received for contracts in progress and/or completed within the last \_\_\_\_\_  
[insert of year] years.
  - iii) At least \_\_\_\_\_ (insert number) of contract(s) of a similar nature executed within Kenya, or the East African Community or abroad, that have been satisfactorily and substantially completed as a prime contractor, or joint venture member or sub-contractor each of minimum value Kenya shillings \_\_\_\_\_ equivalent.

- iv) Contractor's Representative and Key Personnel, which are specified as \_\_\_\_\_  
\_\_\_\_\_
- v) Contractors key equipment listed on the table "Contractor's Equipment" below and more specifically listed as *[specify requirements for each lot as applicable]* \_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_
- vi) Other conditions depending on their seriousness.
- a) **History of non-performing contracts:**
- Tenderer and each member of JV in case the Tenderer is a JV, shall demonstrate that Non-performance of a contract did not occur because of the default of the Tenderer, or the member of a JV in the last \_\_\_\_\_ (*specify years*). The required information shall be furnished in the appropriate form.
- b) **Pending Litigation**
- Financial position and prospective long-term profitability of the Single Tenderer, and in the case the Tenderer is a JV, of each member of the JV, shall remain sound according to criteria established with respect to Financial Capability under Paragraph (i) above if all pending litigation will be resolved against the Tenderer. Tenderer shall provide information on pending litigations in the appropriate form.
- c) **Litigation History**
- There shall be no consistent history of court/arbitral award decisions against the Tenderer, in the last    (*Specify years*). All parties to the contract shall furnish the information in the appropriate form about any litigation or arbitration resulting from contracts completed or ongoing under its execution over the year's specified. A consistent history of awards against the Tenderer or any member of a JV may result in rejection of the tender.

#### iv) APPENDIX1-FRAUDAND CORRUPTION

*(Appendix 1 shall not be modified)*

##### 1. Purpose

- 1.1 The Government of Kenya's Anti-Corruption and Economic Crime laws and their sanction's policies and procedures, Public Procurement and Asset Disposal Act (*no. 33 of 2015*) and its Regulation, and any other Kenya's Acts or Regulations related to Fraud and Corruption, and similar offences, shall apply with respect to Public Procurement Processes and Contracts that are governed by the laws of Kenya.

##### 2. Requirements

- 2.1 The Government of Kenya requires that all parties including Procuring Entities, Tenderers, (applicants/proposers), Consultants, Contractors and Suppliers; any Sub-contractors, Sub-consultants, Service providers or Suppliers; any Agents (whether declared or not); and any of their Personnel, involved and engaged in procurement under Kenya's Laws and Regulation, observe the highest standard of ethics during the procurement process, selection and contract execution of all contracts, and refrain from Fraud and Corruption and fully comply with Kenya's laws and Regulations as per paragraphs 1.1above.

2.2 Kenya's public procurement and asset disposal act (*no. 33 of 2015*) under Section 66 describes rules to be followed and actions to be taken in dealing with Corrupt, Coercive, Obstructive, Collusive or Fraudulent practices, and Conflicts of Interest in procurement including consequences for offences committed. A few of the provisions noted below highlight Kenya's policy of no tolerance for such practices and behavior:

- 1) A person to whom this Act applies shall not be involved in any corrupt, coercive, obstructive, collusive or fraudulent practice; or conflicts of interest in any procurement or asset disposal proceeding;
  - 2) A person referred to under sub section (1) who contravenes the provisions of that sub-section commits an offence;
  - 3) Without limiting the generality of the subsection (1) and (2), the person shall be: -
    - a) disqualified from entering into a contract for a procurement or asset disposal proceeding; or
    - b) if a contract has already been entered into with the person, the contract shall be voidable;
  - 4) The voiding of a contract by the procuring entity under subsection (7) does not limit any legal remedy the procuring entity may have;
3. An employee or agent of the procuring entity or a member of the Board or committee of the procuring entity who has a conflict of interest with respect to a procurement: -
- a) Shall not take part in the procurement proceedings;
  - b) shall not, after a procurement contract has been entered into, take part in any decision relating to the procurement or contract; and
  - c) Shall not be a subcontractor for the tender to whom was awarded contract, or a member of the group of tenders to whom the contract was awarded, but the subcontractor appointed shall meet all the requirements of this Act.
4. An employee, agent or member described in subsection (1) who refrains from doing anything prohibited under that subsection, but for that subsection, would have been within his or her duties shall disclose the conflict of interest to the procuring entity;

4.1 If a person contravenes subsection (1) with respect to a conflict of interest described in subsection (5) (a) and the contract is awarded to the person or his relative or to another person in whom one of them had a direct or indirect pecuniary interest, the contract shall be terminated and all costs incurred by the public entity shall be made good by the a warding officer. etc.

In compliance with Kenya's laws, regulations and policies mentioned above, the Procuring Entity:

- a) Defines broadly, for the purposes of the above provisions, the terms set forth below as follows:
  - i) “corrupt practice” is the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party;
  - ii) “fraudulent practice” is any act or omission, including misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain financial or other benefit or to avoid an obligation;
  - iii) “collusive practice” is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party;
  - iv) “coercive practice” is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party;
  - v) “obstructive practice” is:
    - a) deliberately destroying, falsifying, altering, or concealing of evidence material to the investigation or making false statements to investigators in order to materially impede investigation by Public Procurement Regulatory Authority (PPRA) or any other appropriate authority appointed by Government of Kenya into allegations of a corrupt, fraudulent, coercive, or collusive practice; and/or threatening, harassing, or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation; or
    - b) acts intended to materially impede the exercise of the PPRA's or the appointed authority's inspection and audit rights provided for under paragraph 2.3e. below.
    - c) Defines more specifically, in accordance with the above procurement Act provisions set forth for fraudulent and collusive practices as follows:

"fraudulent practice" includes a misrepresentation of fact in order to influence a procurement or disposal process or the exercise of a contract to the detriment of the procuring entity or the tenderer or the contractor, and includes collusive practices amongst tenderers prior to or after tender submission designed to establish tender prices at artificial non-competitive levels and to deprive the procuring entity of the benefits of free and open competition.

- c) Rejects a proposal for award<sup>1</sup> of a contract if PPRA determines that the firm or individual recommended for award, any of its personnel, or its agents, or its sub-consultants, sub- contractors, service providers, suppliers and/ or their employees, has, directly or indirectly, engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices in competing for the contract in question;
- d) Pursuant to the Kenya's above stated Acts and Regulations, may sanction or recommend to appropriate authority(ies) for sanctioning and debarment of a firm or individual, as applicable under the Act and Regulations;
- e) Requires that a clause be included in Tender documents and Request for Proposal documents requiring (i) Tenderers (applicants/proposers), Consultants, Contractors, and Suppliers, and their Sub-contractors, Sub-consultants, Service providers, Suppliers, Agents personnel, permit the PPRA or any other appropriate authority appointed by Government of Kenya to inspect<sup>2</sup>all accounts, records and other documents relating to the procurement process, selection and/or contract execution, and to have them audited by auditors appointed by the PPRA or any other appropriate authority appointed by Government of Kenya; and

- f) Pursuant to Section 62 of the above Act, requires Applicants/Tenderers to submit along with their Applications/Tenders/Proposals a “Self-Declaration Form” as included in the procurement document declaring that they and all parties involved in the procurement process and contract execution have not engaged/will not engage in any corrupt or fraudulent practices.
- 

*1 For the avoidance of doubt, a party's ineligibility to be awarded a contract shall include, without limitation, (i) applying for pre-qualification, expressing interest in*

*A consultancy, and rendering, either directly or as a nominated sub-contractor, nominated consultant, nominated manufacturer or supplier, or nominated service provider, in respect of such contract, and (ii) entering into an addendum or amendment introducing a material modification to any existing contract.*

*2 Inspections in this context usually are investigative (i.e., forensic) in nature. They involve fact-finding activities undertaken by the Investigating Authority or persons appointed by the Procuring Entity to address specific matters related to investigations/ audits, such as evaluating the veracity of an allegation of possible Fraud and Corruption, through the appropriate mechanisms. Such activity includes but is not limited to: accessing and examining a firm's or individual's financial records and information, and making copies thereof as relevant; accessing and examining any other documents, data and information (whether in hard copy or electronic format) deemed relevant for the investigation/ audit, and making copies thereof as relevant; interviewing staff and other relevant individuals; performing physical inspections and site visits; and obtaining third party verification of information.*

Name: .....*[insert Authorized Representative's name]*

Address: .....*[insert Authorized Representative's Address]*

Telephone numbers: .....*[insert Authorized Representative's telephone/fax numbers]*

Email Address:..... *[insert Authorized Representative's email address]*

***[IMPORTANT: insert the date that this Notification is transmitted to Tenderers. The Notification must be sent to all Tenderers simultaneously. This means on the same date and as close to the same time as possible.]***

**DATE OF TRANSMISSION:**..... This Notification is sent by: *[email/fax]* on *[date]* (local time)

**Procuring Entity:** .....*[insert the name of the Procuring Entity]*

**Contract title:**..... *[insert the name of the contract]*

**ITT No:** .....*[insert ITT reference number from Procurement Plan]*

This Notification of Intention to Award (Notification) notifies you of our decision to award the above contract. The transmission of this Notification begins the Standstill Period. During the Standstill Period you may:

- a) Request a debriefing in relation to the evaluation of your Tender, and/or
- b) Submit a Procurement-related Complaint in relation to the decision to award the contract.

### **I). The successful Tenderer**

<b>Name:</b>	<i>[insert name of successful Tenderer]</i>
<b>Address:</b>	<i>[insert address of the successful Tenderer]</i>
<b>Contract price:</b>	<i>[insert contract price of the successful Tender]</i>

Name of Tenderer	Tender price	Evaluated Tender price (if applicable)
<i>[insert name]</i>	<i>[insert Tender price]</i>	<i>[insert evaluated price]</i>

### iii). How to request a debriefing

**DEADLINE:** The deadline to request a debriefing expires at midnight on *[insert date]* (local time).

You may request a debriefing in relation to the results of the evaluation of your Tender. If you decide to request a debriefing your written request must be made within three (3) Business Days of receipt of this Notification of Intention to Award.

Provide the contract name, reference number, name of the Tenderer, contact details; and address the request for debriefing as follows:

**Attention:** .....*[insert full name of person, if applicable]*

**Title/position:** .....*[insert title/position]*

**Agency:** .....*[insert name of Procuring Entity]*

**Email address:**..... *[insert email address]*

If your request for a debriefing is received within the 3 Business Days deadline, we will provide the debriefing within five (5) Business Days of receipt of your request. If we are unable to provide the debriefing within this period, the Standstill Period shall be extended by five (5) Business Days after the date that the debriefing is provided. If this happens, we will notify you and confirm the date that the extended Standstill Period will end.

The debriefing may be in writing, by phone, video conference call or in person. We shall promptly advise you in writing how the debriefing will take place and confirm the date and time.

If the deadline to request a debriefing has expired, you may still request a debriefing. In this case, we will provide the debriefing as soon as practicable, and normally no later than fifteen (15) Business Days from the date of publication of the Contract Award Notice.

### iv. How to make a complaint: Period: Procurement-related Complaint challenging the decision to award shall be submitted by *[insert date and time]*.

Provide the contract name, reference number, name of the Tenderer, contact details; and address the Procurement- related Complaint as follows:

**Attention:**.....*[insert full name of person, if applicable]*

**Title/position:**..... *[insert title/position]*

**Agency:** .....*[insert name of Procuring Entity]*

**Email address:**..... *[insert email address]*

At this point in the procurement process, you may submit a Procurement-related Complaint challenging the decision to award the contract. You do not need to have requested, or received, a debriefing before making this complaint. Your complaint must be submitted within the Stand still Period and received by us before the Stand still Period ends.

In summary, there are four essential requirements:

1. You must be an 'interested party'. In this case, that means a Tenderer who submitted a Tender in this tendering process, and is the recipient of a Notification of Intention to Award.
2. The complaint can only challenge the decision to award the contract.
3. You must submit the complaint within the period stated above.
4. You must include, in your complaint, all of the information required to support the complaint.
5. The application must be accompanied by the fees set out in the Procurement Regulations, which shall not be refundable (information available from the Public Procurement Authority at [info@ppra.go.ke](mailto:info@ppra.go.ke) or [complaints@ppra.go.ke](mailto:complaints@ppra.go.ke)

**v). Standstill Period**

**DEADLINE:** The Standstill Period is due to end at midnight on [*insert date*] (local time).

The Standstill Period lasts ten (10) Business Days after the date of transmission of this Notification of Intention to Award.

The Standstill Period may be extended as stated in Section 4 above. If you have any questions regarding this Notification please do not hesitate to contact us.

## **PART II – PROCURING ENTITY'S REQUIREMENTS**

## SECTION V - ACTIVITY SCHEDULE

### Objectives

The objectives of the Activity Schedule are

- a) to provide sufficient information on the quantities of Services to be performed to enable Tenders to be prepared efficiently and accurately; and
- b) when a Contract has been entered into, to provide a priced Activity Schedule for use in the periodic valuation of Services executed.

In order to attain these objectives, Services should be itemized in the Activity Schedule in sufficient detail to distinguish between the different classes of Services, or between Services of the same nature carried out in different locations or in other circumstances which may give rise to different considerations of cost. Consistent with these requirements, the layout and content of the Activity Schedule should be as simple and brief as possible.

### Day work Schedule

A Day work Schedule should be included only if the probability of unforeseen work, outside the items included in the Activity Schedule, is high. To facilitate checking by the Procuring Entity of the realism of rates quoted by the Tenderers, the Day work Schedule should normally comprise the following:

- a) A list of the various classes of Services, labor, materials, and plant for which basic day work rates or prices are to be inserted by the Tenderer, together with a statement of the conditions under which the Service Provider will be paid for services delivered on a day work basis.
- b) Nominal quantities for each item of Day work, to be priced by each Tenderer at Day work rates as Tender. The rate to be entered by the Tenderer against each basic Day work item should include the Service Provider's profit, over heads, supervision, and other charges.

### Provisional Sums

The estimated cost of specialized services to be carried out, or of special goods to be supplied, by other Service Providers should be indicated in the relevant part of the Activity Schedule as a particular provisional sum with an appropriate brief description. A separate procurement procedure is normally carried out by the Procuring Entity to select such specialized Service Providers. To provide an element of competition among the Tenderers in respect of any facilities, amenities, attendance, etc., to be provided by the successful Tenderer as prime Service Provider for the use and convenience of the specialist contractors, each related provisional sum should be followed by an item in the Activity Schedule inviting the Tenderer to quote a sum for such amenities, facilities, attendance, etc.

*These Notes for Preparing an Activity Schedule are intended only as information for the Procuring Entity or the person drafting the tendering document. They should not be included in the final documents.*

## PERFORMANCE SPECIFICATIONS AND DRAWINGS

(Describe Outputs and Performances, rather than Inputs, wherever

possible) Notes on Specifications

A set of precise and clear specifications is a prerequisite for Tenderers to respond realistically and competitively to the requirements of the Procuring Entity without qualifying or conditioning their Tenders. In the context of international competitive Tendering, the specifications must be drafted to permit the widest possible competition and, at the same time, present a clear statement of the required standards of workmanship, materials, and performance of the goods and services to be procured. Only if this is done will the objectives of economy, efficiency, and fairness in procurement be realized, responsiveness of Tenders be ensured, and the subsequent task of Tender evaluation facilitated. The specifications should require that all goods and materials to be incorporated in the Services be new, unused, of the most recent or current models, and incorporate all recent improvements in design and materials unless provided otherwise in the Contract.

Samples of specifications from previous similar projects in the same country are useful in this respect. The use of metric units is encouraged. Most specifications are normally written specially by the Procuring Entity to suit the Contract in hand. There is no standard set of Specifications for universal application in all sectors in all countries, but there are established principles and practices, which are reflected in this document

There are considerable advantages in standardizing General Specifications for repetitive Services in recognized public sectors, such as education, health, sanitation, social and urban housing, roads, ports, railways, irrigation, and water supply, in the same country or region where similar conditions prevail. The General Specifications should cover all classes of workmanship, materials, and equipment commonly involved in the provision of Services, although not necessarily to be used in a particular Services Contract. Deletions or addenda should then adapt the General Specifications to the particular Services.

Care must be taken in drafting specifications to ensure that they are not restrictive. In the specification of standards for goods, materials, Services, and workmanship, recognized international standards should be used as much as possible. Where other particular standards are used, whether national standards of Kenya or other standards, the specifications should state that goods, materials, Services and workmanship that meet other authoritative standards, and which ensure substantially equal or higher quality than the standards mentioned, will also be acceptable.

*If technical alternatives for parts of the Services are permitted in the tendering document, these parts shall be described in this Section.*

*These Notes for Preparing Specifications are intended only as information for the Procuring Entity or the person drafting the tendering document.*

## 1.2 Applicable Law

The Contract shall be interpreted in accordance with the laws of Kenya.

## 1.3 Language

This Contract has been executed in the English language, which shall be the binding and controlling language for all matters relating to the meaning or interpretation of this Contract.

## 1.4 Notices

Any notice, request, or consent made pursuant to this Contract shall be in writing and shall be deemed to have been made when delivered in person to an authorized representative of the Party to whom the communication is addressed, or when sent by registered mail, hand delivery, or email to such Party at the address **specified in the SCC**.

## 1.5 Location

The Services shall be performed at such locations as are specified in Appendix A, in the specifications and, where the location of a particular task is not so specified, at such locations, whether in Kenya or elsewhere, as the Procuring Entity may approve.

## 1.6 Authorized Representatives

Any action required or permitted to be taken, and any document required or permitted to be executed, under this Contract by the Procuring Entity or the Service Provider may be taken or executed by the officials **specified in the SCC**.

## 1.7 Inspection and Audit by the PPRA

Pursuant to paragraph 2.2 e. of Attachment 1 to the General Conditions, the Service Provider shall permit and shall cause its sub contract or and sub-consultants to permit, PPRA and/or persons appointed by PPRA to inspect the Site and/or the accounts and records relating to the procurement process, selection and/or contract execution, and to have such accounts and records audited by auditors appointed by PPRA. The Service Provider's and its Subcontractors' and sub-consultants' attention is drawn to Sub-Clause 3.10 which provides, inter alia, that acts intended to materially impede the exercise of PPRA's inspection and audit rights constitute a prohibited practice subject to contract termination (as well as to a determination of ineligibility pursuant to PPRA's prevailing sanctions procedures).

## 1.8 Taxes and Duties

The Service Provider, Subcontractors, and their Personnel shall pay such taxes, duties, fees, and other impositions as may be levied under the Applicable Law, the amount of which is deemed to have been included in the Contract Price.

# 2 Commencement, Completion, Modification, and Termination of Contract

## 2.1 Effectiveness of Contract

This Contract shall come into effect on the date the Contract is signed by both parties or such other later date as may be **stated in the SCC**.

## 2.2 Commencement of Services

### 2.2.1 Program

Before commencement of the Services, the Service Provider shall submit to the Procuring Entity for approval a Program showing the general methods, arrangements order and timing for all activities. The Services shall be carried out in accordance with the approved Program as updated.

### 2.2.2 Starting Date

The Service Provider shall start carrying out the Services thirty (30) days after the date the Contract becomes effective, or at such other date as may be **specified in the SCC**.

## 2.3 Intended Completion Date

Unless terminated earlier pursuant to Sub-Clause 2.6, the Service Provider shall complete the activities by the Intended Completion Date, as is **specified in the SCC**. If the Service Provider does not complete the activities by the Intended Completion Date, it shall be liable to pay liquidated damage as per Sub-Clause 3.8. In this case, the Completion Date will be the date of completion of all activities.

## 2.4 Modification

Modification of the terms and conditions of this Contract, including any modification of the scope of the Services or of the Contract Price, may only be made by written agreement between the Parties.

### 2.4.1 Value Engineering

The Service Provider may prepare, at its own cost, a value engineering proposal at any time during the performance of the contract. The value engineering proposal shall, at a minimum, include the following:

- a) The proposed change(s), and a description of the difference to the existing contract requirements;
- b) A full cost/benefit analysis of the proposed change(s) including a description and estimate of costs (including life cycle costs, if applicable) the Procuring Entity may incur in implementing the value engineering proposal; and
- c) A description of any effect(s) of the change on performance/functionality.

The Procuring Entity may accept the value engineering proposal if the proposal demonstrates benefits that:

- a) accelerates the delivery period; or
- b) reduces the Contract Price or the lifecycle costs to the Procuring Entity; or
- c) improves the quality, efficiency, safety or sustainability of the services; or
- d) yields any other benefits to the Procuring Entity, without compromising the necessary functions of the Facilities.

If the value engineering proposal is approved by the Procuring Entity and results in:

- a) a reduction of the Contract Price; the amount to be paid to the Service Provider shall be the percentage specified in the **SCC** of the reduction in the Contract Price; or
- b) an increase in the Contract Price; but results in a reduction in lifecycle costs due to any benefit described in  
(a) to (d) above, the amount to be paid to the Service Provider shall be the full increase in the Contract Price.

## **2.5 Force Majeure**

### **2.5.1 Definition**

For the purposes of this Contract, "Force Majeure" means an event which is beyond the reasonable control of a Party and which makes a Party's performance of its obligations under the Contract impossible or so impractical as to be considered impossible under the circumstances.

### **2.5.2 No Breach of Contract**

The failure of a Party to fulfill any of its obligations under the contract shall not be considered to be a breach of, or default under, this Contract insofar as such inability arises from an event of Force Majeure, provided that the Party affected by such an event (a) has taken all reasonable precautions, due care and reasonable alternative measures in order to carry out the terms and conditions of this Contract, and (b) has informed the other Party as soon as possible about the occurrence of such an event.

### **2.5.3 Extension of Time**

Any period within which a Party shall, pursuant to this Contract, complete any action or task, shall be extended for a period equal to the time during which such Party was unable to perform such action as a result of Force Majeure.

### **2.5.4 Payments**

During the period of their inability to perform the Services as a result of an event of Force Majeure, the Service Provider shall be entitled to continue to be paid under the terms of this Contract, as well as to be reimbursed for additional costs reasonably and necessarily incurred by them during such period for the purposes of the Services and in reactivating the Service after the end of such period.

## **2.6 Termination**

### **2.6.1 By the Procuring Entity**

The Procuring Entity may terminate this Contract, by not less than thirty (30) days' written notice of termination to the Service Provider, to be given after the occurrence of any of the events specified in paragraphs (a) through (d) of this Sub-Clause 2.6.1:

- a) If the Service Provider does not remedy a failure in the performance of its obligations under the Contract, within thirty (30) days after being notified or within any further period as the Procuring Entity may have subsequently approved in writing;
- b) if the Service Provider becomes insolvent or bankrupt;
- c) if, as the result of Force Majeure, the Service Provider is unable to perform a material portion of the Services for a period of not less than sixty (60) days; or
- d) if the Service Provider, in the judgment of the Procuring Entity has engaged in Fraud and Corruption, as defined in paragraph 2.2a. of Attachment 1 to the GCC, in competing for or in executing the Contract

### **2.6.2 By the Service Provider**

The Service Provider may terminate this Contract, by not less than thirty (30) days' written notice to the Procuring Entity, such notice to be given after the occurrence of any of the events specified in paragraphs (a) and (b) of this Sub-Clause 2.6.2:

- a) If the Procuring Entity fails to pay any monies due to the Service Provider pursuant to this Contract and not subject to dispute pursuant to Clause 7 within forty-five (45) days after receiving written notice from the Service Provider that such payment is overdue; or
- b) if, as the result of Force Majeure, the Service Provider is unable to perform a material portion of the Services for a period of not less than sixty (60) days.

### 2.6.3 Payment up on Termination

Upon termination of this Contract pursuant to Sub-Clauses 2.6.1 or 2.6.2, the Procuring Entity shall make the following payments to the Service Provider:

- a) remuneration pursuant to Clause 6 for Services satisfactorily performed prior to the effective date of termination;
- b) except in the case of termination pursuant to paragraphs (a), (b), (d) of Sub-Clause 2.6.1, reimbursement of any reasonable cost incident to the prompt and orderly termination of the Contract, including the cost of the return travel of the Personnel.

## 3 Obligations of the Service Provider

### 3.1 General

The Service Provider shall perform the Services in accordance with the Specifications and the Activity Schedule, and carry out its obligations with all due diligence, efficiency, and economy, in accordance with generally accepted professional techniques and practices, and shall observe sound management practices, and employ appropriate advanced technology and safe methods. The Service Provider shall always act, in respect of any matter relating to this Contractor to the Services, as faithful adviser to the Procuring Entity, and shall at all times support and safeguard the Procuring Entity's legitimate interests in any dealings with Subcontractors or third parties.

### 3.2 Conflict of Interests

#### 3.2.1 Service Provider Not to Benefit from Commissions and Discounts.

The remuneration of the Service Provider pursuant to Clause 6 shall constitute the Service Provider's sole remuneration in connection with this Contract or the Services, and the Service Provider shall not accept for their own benefit any trade commission, discount, or similar payment in connection with activities pursuant to this Contractor to the Services or in the discharge of their obligations under the Contract, and the Service Provider shall use their best efforts to ensure that the Personnel, any Subcontractors, and agents of either of them similarly shall not receive any such additional remuneration.

#### 3.2.2 Service Provider and Affiliates Not to be Otherwise Interested in Project

The Service Provider agree that, during the term of this Contract and after its termination, the Service Provider and its affiliates, as well as any Subcontractor and any of its affiliates, shall be disqualified from providing goods, works, or Services (other than the Services and any continuation thereof) for any project resulting from or closely related to the Services.

#### 3.2.3 Prohibition of Conflicting Activities

Neither the Service Provider nor its Subcontractors nor the Personnel shall engage, either directly or indirectly, in any of the following activities:

- a) During the term of this Contract, any business or professional activities in Kenya which would conflict with the activities assigned to them under this Contract;
- b) during the term of this Contract, neither the Service Provider nor their Subcontractors shall hire public employees' inactive duty or on any type of leave, to perform any activity under this Contract;
- c) After the termination of this Contract, such other activities as may be **specified in the SCC**.

### 3.3 Confidentiality

The Service Provider, its Subcontractors, and the Personnel of either of them shall not, either during the term or within two (2) years after the expiration of this Contract, disclose any proprietary or

confidential information relating to the Project, the Services, this Contract, or the Procuring Entity's business or operations without the prior written consent of the Procuring Entity.

- 3.4 **The Service Provider** (a) shall take out and maintain, and shall cause any Subcontractors to take out and maintain, at its (or the Sub contractors', as the case may be) own cost but on terms and conditions approved by the Procuring Entity, insurance against the risks, and for the coverage, as shall be **specified in the SCC**; and (b) at the Procuring Entity's request, shall provide evidence to the Procuring Entity showing that such insurance has been taken out and maintained and that the current premiums have been paid.

### 3.5 Service Provider's Actions Requiring Procuring Entity's Prior Approval

The Service Provider shall obtain the Procuring Entity's prior approval in writing before taking any of the following actions:

- a) Entering into a subcontract for the performance of any part of the Services,
- b) appointing such members of the Personnel not listed by name in Appendix C ("Key Personnel and Subcontractors"),
- c) changing the Program of activities; and

### 3.6 Any other action that may be **specified in the SCC**. Reporting Obligations

The Service Provider shall submit to the Procuring Entity the reports and documents specified in Appendix B in the form, in the numbers, and within the periods set forth in the said Appendix.

### 3.7 Documents Prepared by the Service Provider to Be the Property of the Procuring Entity

All plans, drawings, specifications, designs, reports, and other documents and software submitted by the Service Provider in accordance with Sub-Clause 3.6 shall become and remain the property of the Procuring Entity, and the Service Provider shall, not later than upon termination or expiration of this Contract, deliver all such documents and software to the Procuring Entity, together with a detailed inventory thereof. The Service Provider may retain a copy of such documents and software. Restrictions about the future use of these documents, if any, shall be **specified in the SCC**.

### 3.8 Liquidated Damages

#### 3.8.1 Payments of Liquidated Damages

The Service Provider shall pay liquidated damages to the Procuring Entity at the rate per day **stated in the SCC** for each day that the Completion Date is later than the Intended Completion Date. The total amount of liquidated damages shall not exceed the amount **defined in the SCC**. The Procuring Entity may deduct liquidated damages from payments due to the Service Provider. Payment of liquidated damages shall not affect the Service Provider's liabilities.

#### 3.8.2 Correction for Over-payment

If the Intended Completion Date is extended after liquidated damages have been paid, the Procuring Entity shall correct any overpayment of liquidated damages by the Service Provider by adjusting the next payment certificate. The Service Provider shall be paid interest on the overpayment, calculated from the date of payment to the date of repayment, at the rates specified in Sub-Clause 6.5.

#### 3.8.3 Lack of performance penalty

If the Service Provider has not corrected a Defect within the time specified in the Procuring Entity's notice, a penalty for Lack of performance will be paid by the Service Provider. The amount to be paid will be calculated as a percentage of the cost of having the Defect corrected, assessed as described in Sub-Clause 7.2 and **specified in the SCC**.

### 3.9 Performance Security

The Service Provider shall provide the Performance Security to the Procuring Entity no later than the

date specified in the Form of acceptance. The Performance Security shall be issued in an amount and form and by a bank or surety acceptable to the Procuring Entity, and denominated in the types and proportions of the currencies in which the Contract Price is payable. The performance Security shall be valid until a date 28 day from the Completion Date of the Contract in case of a bank guarantee, and until one year from the Completion Date of the Contract in the case of a Performance Bond.

### **3.10 Fraud and Corruption**

The Procuring Entity requires compliance with the Government's Anti-Corruption laws and its prevailing sanctions. The Procuring Entity requires the Service Provider to disclose any commissions or fees that may have been paid or are to be paid to agents or any other party with respect to the tendering process or execution of the Contract. The information disclosed must include at least the name and address of the agent or other party, the amount and currency, and the purpose of the commission, gratuity or fee.

### **3.11 Sustainable Procurement**

The Service Provider shall conform to the sustainable procurement contractual provisions, if and as specified in the **SCC**.

## **4 Service Provider's Personnel**

### **4.1 Description of Personnel**

The titles, agreed job descriptions, minimum qualifications, and estimated periods of engagement in the carrying out of the Services of the Service Provider's Key Personnel are described in Appendix C. The Key Personnel and Subcontractors listed by title as well as by name in Appendix Care hereby approved by the Procuring Entity.

### **4.2 Removal and/or Replacement of Personnel**

- a) Except as the Procuring Entity may otherwise agree, no changes shall be made in the Key Personnel. If, for any reason beyond the reasonable control of the Service Provider, it becomes necessary to replace any of the Key Personnel, the Service Provider shall provide as a replacement a person of equivalent or better qualifications.
- b) If the Procuring Entity finds that any of the Personnel have (i) committed serious misconduct or have been charged with having committed a criminal action, or (ii) have reasonable cause to be dissatisfied with the performance of any of the Personnel, then the Service Provider shall, at the Procuring Entity's written request specifying the grounds thereof, provide as a replacement a person with qualifications and experience acceptable to the Procuring Entity.
- c) The Service Provider shall have no claim for additional costs arising out of or incidental to any removal and/or replacement of Personnel.

## **5 Obligations of the Procuring Entity**

### **5.1 Assistance and Exemptions**

The Procuring Entity shall use its best efforts to ensure that the Government shall provide the Service Provider such assistance and exemptions as **specified in the SCC**.

### **5.2 Change in the Applicable Law**

If, after the date of this Contract, there is any change in the Applicable Law with respect to taxes and duties which increases or decreases the cost of the Services rendered by the Service Provider, then the remuneration and reimbursable expenses otherwise payable to the Service Provider under this Contract shall be increased or decreased accordingly by agreement between the Parties, and corresponding adjustments shall be made to the amounts referred to in Sub-Clauses 6.2(a) or (b), as the case may be.

### **5.3 Services and Facilities**

The Procuring Entity shall make available to the Service Provider the Services and Facilities listed under

## 6 Payments to the Service Provider

### 6.1 Lump-Sum Remuneration

The Service Provider's remuneration shall not exceed the Contract Price and shall be a fixed lump-sum including all Subcontractors' costs, and all other costs incurred by the Service Provider in carrying out the Services described in Appendix A. Except as provided in Sub-Clause 5.2, the Contract Price may only be increased above the amounts stated in Sub-Clause 6.2 if the Parties have agreed to additional payments in accordance with Sub-Clauses 2.4 and 6.3.

### 6.2 Contract Price

- a) The price payable is **set forth in the SCC**.
- b) Price may be payable in foreign currency, if so allowed in this document.

### 6.3 Payment for Additional Services, and Performance Incentive Compensation

6.3.1 For the purpose of determining the remuneration due for additional Services as may be agreed under Sub-Clause 2.4, a breakdown of the lump-sum price is provided in Appendices D and E.

6.3.2 **If the SCC so specify**, the service provider shall be paid performance incentive compensation as set out in the Performance Incentive Compensation appendix.

6.3.3 Where the contract price is different from the corrected tender price, in order to ensure the contractor is not paid less or more relative to the contract price (*which would be the tender price*), payment valuation certificates and variation orders on omissions and additions valued based on rates in the schedule of rates in the Tender, will be adjusted by a plus or minus percentage. The percentage already worked out during tender evaluation is worked out as follows:  $(\text{corrected tender price} - \text{tender price}) / \text{tender price} \times 100$ .

### 6.4 Terms and Conditions of Payment

Payments will be made to the Service Provider according to the payment schedule **stated in the SCC**. **Unless otherwise stated in the SCC**, the advance payment (Advance for Mobilization, Materials and Supplies) shall be made against the provision by the Service Provider of a bank guarantee for the same amount, and shall be valid for the period **stated in the SCC**. Any other payment shall be made after the conditions **listed in the SCC** for such payment have been met, and the Service Provider have submitted an invoice to the Procuring Entity specifying the amount due.

### 6.5 Interest on Delayed Payments

If the Procuring Entity has delayed payments beyond thirty (30) days after the due date stated in the **SCC**, interest shall be paid to the Service Provider for each day of delay at the rate stated in **the SCC**.

### 6.6 Price Adjustment

6.6.1 Prices shall be adjusted for fluctuations in the cost of inputs only if **provided for in the SCC**. If so provided, the amounts certified in each payment certificate, after deducting for Advance Payment, shall be adjusted by applying the respective price adjustment factor to the payment amounts due in each currency. A separate formula of the type indicated below applies to each Contract currency:

$$P_c = A_c + B_c L_{mc} / L_{oc} + C_c I_{mc} / I_{oc}$$

Where:

$P_c$  is the adjustment factor for the portion of the Contract Price payable in a specific currency "c".

$A_c$ ,  $B_c$  and  $C_c$  are coefficients specified in the **SCC**, representing:  $A_c$  the non-adjustable portion;  $B_c$  the adjustable portion relative to labor costs and  $C_c$  the adjustable portion for other inputs, of the Contract Price payable in that specific currency "c"; and

Lmc is the index prevailing at the first day of the month of the corresponding invoiced ate and Loc is the index prevailing 28 days before Tender opening for labor; both in the specific currency “c”.

Imc is the index prevailing at the first day of the month of the corresponding invoice date and loc is the index prevailing 28 days before Tender opening for other inputs payable; both in the specific currency “c”.

If a price adjustment factor is applied to payments made in a currency other than the currency of the source of the index for a particular indexed input, a correction factor  $Z_o/Z_n$  will be applied to the respective component factor of pn for the formula of the relevant currency.  $Z_o$  is the number of units of Kenya Shillings of the index, equivalent to one unit of the currency payment on the date of the base index, and  $Z_n$  is the corresponding number of such currency units on the date of the current index.

6.6.2 If the value of the index is changed after it has been used in a calculation, the calculation shall be corrected and an adjustment made in the next payment certificate. The index value shall be deemed to take account to fall changes in cost due to fluctuations in costs.

## 6.7 Day works

6.7.1 If applicable, the Day work rates in the Service Provider's Tender shall be used for small additional amounts of Services only when the Procuring Entity has given written instructions in advance for additional services to be paid in that way.

6.7.2 All work to be paid for as Day works shall be recorded by the Service Provider on forms approved by the Procuring Entity. Each completed form shall be verified and signed by the Procuring Entity representative as indicated in Sub-Clause 1.6 within two days of the Services being performed.

6.7.3 The Service Provider shall be paid for Day works subject to obtaining signed Day works forms as indicated in Sub-Clause 6.7.2

## 7 Quality Control

### 7.1 Identifying Defects

The principle and modalities of Inspection of the Services by the Procuring Entity shall be as **indicated in the SCC**. The Procuring Entity shall check the Service Provider's performance and notify him of any Defects that are found. Such checking shall not affect the Service Provider's responsibilities. The Procuring Entity may instruct the Service Provider to search for a Defect and to uncover and test any service that the Procuring Entity considers may have a Defect. Defect Liability Period is as **defined in the SCC**.

#### Correction of Defects, and Lack of Performance Penalty

- a) The Procuring Entity shall give notice to the Service Provider of any Defects before the end of the Contract. The Defects liability period shall be extended for as long as Defects remain to be corrected.
- b) Every time notice a Defect is given, the Service Provider shall correct the notified Defect within the length of time specified by the Procuring Entity's notice.
- c) If the Service Provider has not corrected a Defect within the time specified in the Procuring Entity's notice, the Procuring Entity will assess the cost of having the Defect corrected, the Service Provider will pay this amount and a Penalty for Lack of Performance calculated as described in Sub-Clause 3.8.

## 8 Settlement of Disputes

### 8.1 Contractor's Claims

8.1.1 If the Contractor considers himself to be entitled to any extension of the Time for Completion and/or any additional payment, under any Clause of these Conditions or otherwise in connection with the Contract, the Contractor shall give notice to the Project Manager, describing the event or circumstance giving rise to the claim. The notice shall be given as soon as practicable, and not later

than 28 days after the Contractor became aware, or should have become aware, of the event or circumstance.

8.1.2 If the Contractor fails to give notice of a claim within such period of 28 days, the Time for Completion shall not be extended, the Contractor shall not be entitled to additional payment, and the Procuring Entity shall be discharged from all liability in connection with the claim. Otherwise, the following provisions of this Sub-Clauses shall apply.

8.1.3 The Contractor shall also submit any other notices which are required by the Contract, and supporting particulars for the claim, all s relevant to such event or circumstance.

8.1.4 The Contractor shall keep such contemporary records as may be necessary to substantiate any claim, either on the Site or at another location acceptable to the Project Manager. Without admitting the Procuring Entity's liability, the Project Manager may, after receiving any notice under this Sub-Clause, monitor the record-keeping and /or instruct the Contractor to keep further contemporary records. The Contractor shall permit the Project Manager to inspect all these records, and shall (if instructed) submit copies to the Project Manager.

8.1.5 Within 42 days after the Contractor became aware (or should have become aware) of the event or circumstance giving rise to the claim, or within such other period as may be proposed by the Contractor and approved by the Project Manager, the Contractor shall send to the Project Manager a fully detailed claim which includes full supporting particulars of the basis of the claim and of the extension of time and /or additional payment claimed. If the event or circumstance giving rise to the claim has a continuing effect:

8.1.5.1 This fully detailed claim shall be considered as interim;

- a) The Contractor shall send further interim claims at monthly intervals, giving the accumulated delay and /or amount claimed, and such further particulars as the Project Manager may reasonably require; and
- b) The Contractor shall send a final claim within 28 days after the end of the effects resulting from the event or circumstance, or within such other period as may be proposed by the Contractor and approved by the Project Manager.

8.1.6 Within 42 days after receiving a claim or any further particulars supporting a previous claim, or within such other period as may be proposed by the Project Manager and approved by the Contractor, the Project Manager shall respond with approval, or with disapproval and detailed comments. He may also request any necessary further particulars, but shall nevertheless give his response on the principles of the claim within the above defined time period.

8.1.7 Within the above defined period of 42 days, the Project Manager shall proceed in accordance with Sub-Clause 3.5[Determinations] to agree or determine (i) the extension (if any) of the Time for Completion (before or after its expiry) in accordance with Sub-Clause 8.4 [Extension of Time for Completion], and/or (ii) the additional payment (if any) to which the Contractor is entitled under the Contract.

8.1.8 Each Payment Certificate shall include such additional payment for any claim as has been reasonably substantiated as due under the relevant provision of the Contract. Unless and until the particulars supplied are sufficient to substantiate the whole of the claim, the Contractor shall only been titled to payment for such part of the claim as he has be enable to substantiate.

8.1.9 If the Project Manager does not respond within the time framed fined in this Clause, either Party may consider that the claim is rejected by the Project Manager and any of the Parties may refer to Arbitration in accordance with Sub-Clause 8.2 [Matters that may be referred to arbitration].

8.1.10 The requirements of this Sub-Clause are in addition to those of any other Sub-Clause which may apply to a claim. If the Contract or fails to comply with this or another Sub-Clause in relation to any claim, any extension of time and/or additional payment shall take account of the extent (if any) to which the failure has prevented or prejudiced proper investigation of the claim, unless the claim is excluded under the second paragraph of this Sub- Clause.

## **8.2 Matters that may be referred to arbitration**

8.2.1 Notwithstanding anything stated herein the following matters may be referred to arbitration before the practical completion of the Services or abandonment of the Services or termination of the Contract by either party:

- a) The appointment of a replacement Project Manager upon the said person ceasing to act.
- b) Whether or not the issue of an instruction by the Project Manager is empowered by these Conditions
- c) Whether or not a certificate has been improperly withheld or is not in accordance with these Conditions.
- e) Any dispute arising in respect of war risks or war damage.
- f) All other matters shall only be referred to arbitration after the completion or alleged completion of the Services or termination or alleged termination of the Contract, unless the Procuring Entity and the Contractor agree otherwise in writing.

### **8.3 Amicable Settlement**

8.3.1 Where a Notice of Dissatisfaction has been given, both Parties shall attempt to settle the dispute amicably before the commencement of arbitration. However, unless both Parties agree otherwise, the Party giving a Notice of Dissatisfaction in accordance with Sub-Clause 8.1 above should move to commence arbitration after the fifty-sixth day from the day on which a Notice of Dissatisfaction was given, even if no attempt at an amicable settlement has been made.

### **8.4 Arbitration**

8.4.1 Any claim or dispute between the Parties arising out of or in connection with the Contract not settled amicably in accordance with Sub-Clause 8.3 shall be finally settled by arbitration. Arbitration shall be conducted in accordance with the Arbitration Laws of Kenya.

8.4.2 The arbitrators shall have full power to open up, review and revise any certificate, determination, instruction, opinion or valuation of the Project Manager, relevant to the dispute. Nothing shall disqualify representatives of the Parties and the Project Manager from being called as a witness and giving evidence before the arbitrators on any matter whatsoever relevant to the dispute.

8.4.3 Neither Party shall be limited in the proceedings before the arbitrators to the evidence, or to the reasons for dissatisfaction given in its Notice of Dissatisfaction.

8.4.4 Arbitration may be commenced prior to or after completion of the services. The obligations of the Parties, and the Project Manager shall not be altered by reason of any arbitration being conducted during the progress of the services.

8.4.5 The terms of the remuneration of each or all the members of Arbitration shall be mutually agreed upon by the Parties when agreeing the terms of appointment. Each Party shall be responsible for paying one-half of this remuneration.

### **8.5 Arbitration with proceedings**

8.5.1 In case of any claim or dispute, such claim or dispute shall be notified in writing by either party to the other with a request to submit to arbitration and to concur in the appointment of an Arbitrator within thirty days of the notice. The dispute shall be referred to the arbitration and final decision of a person to be agreed between the parties. Failing agreement to concur in the appointment of an Arbitrator, the Arbitrator shall be appointed, on the request of the applying party, by the Chairman or Vice Chairman of any of the following professional institutions;

- a) Law Society of Kenya or
- b) Chartered Institute of Arbitrators (Kenya Branch)

8.5.2 The institution written to first by the aggrieved party shall take precedence over all other institutions.

8.5.3 The arbitration may be on the construction of this Contract on any matter or thing of what so ever nature arising there under or in connection there with, including any matter or thing left by this Contract to the discretion of the Project Manager, or the withholding by the Project Manager of any certificate to which the Contractor may claim to be entitled to or the measurement and valuation

referred to in clause 23.0 of these conditions, or the rights and liabilities of the parties subsequent to the termination of Contract.

8.5.4 Provided that no arbitration proceedings shall be commenced on any claim or dispute where notice of a claim or dispute has not been given by the applying party within ninety days of the occurrence or discovery of the matter or issue giving rise to the dispute.

8.5.5 Notwithstanding the issue of a notice as stated above, the arbitration of such a claim or dispute shall not commence unless an attempt has in the first instance been made by the parties to settle such claim or dispute amicably with or without the assistance of third parties. Proof of such attempt shall be required.

8.5.6 The Arbitrator shall, without prejudice to the generality of his powers, have powers to direct such measurements, computations, tests or valuations as may in his opinion be desirable in order to determine the rights of the parties and assess and award any sums which ought to have been the subject of or included in any certificate.

8.5.7 The Arbitrator shall, without prejudice to the generality of his powers, have powers to open up, review and revise any certificate, opinion, decision, requirement or notice and to determine all matters in dispute which shall be submitted to him in the same manner as if no such certificate, opinion, decision requirement or notice had been given.

8.5.8 The award of such Arbitrator shall be final and binding upon the parties.

## **8.6 Failure to Comply with Arbitrator's Decision**

8.6.1 In the event that a Party fails to comply with a final and binding Arbitrator's decision, then the other Party may, without prejudice to any other rights it may have, refer the matter to a competent court of law.

## **9.1 The Adjudicator**

9.1.1 Should the Adjudicator resign or die, or should the Procuring Entity and the Service Provider agree that the Adjudicator is not functioning in accordance with the provisions of the Contract; a new Adjudicator will be jointly appointed by the Procuring Entity and the Service Provider. In case of disagreement between the Procuring Entity and the Service Provider, within 30 days, the Adjudicator shall be designated by the Appointing Authority **designated in the SCC** at the request of either party, within 14 days of receipt of such request.

9.2 The Adjudicator shall be paid by the hour at the rate **specified in the TDS and SCC**, together with reimbursable expenses of the type's **specified in the SCC**, and the cost shall be divided equally between the Procuring Entity and the Service Provider, whatever decision is reached by the Adjudicator. Either party may refer a decision of the Adjudicator to an Arbitrator within 28 days of the Adjudicator's written decision. If neither party refers the dispute to arbitration within the above 28 days, the Adjudicator's decision will be final and binding.

## **C. APPENDICES**

### **Appendix A - Description of the Services**

In the County Government Offices/buildings at the County Headquarters. The infrastructure is intended to provide a platform for actualizing shared ICT Services: internet, systems, applications, ICT security, information storage, and network enabled ICT support among others.

The work will cover but not limited to:

1. Establishment of proper back-bone network infrastructure for County Government Offices.
2. Structured cabling Covering County Government departments (Upgrade namely: County Government head office and Old Town Council Offices. New LANS namely: Environment, Water and Natural Resources-, Trade, Co-operative and Industrialization, Stadium Offices, Agriculture, Livestock and Fisheries and Narok North offices.
3. Interconnecting these LANs mentioned above and existing LANs (Narok County Referral Hospital and Public works) to the County head office. These LANs should be Integration ready.
4. Installation of a totally secure wireless internet facility in all the above-mentioned offices/blocks to serve the county staff wireless/mobile devices such as Laptops, iPads or Smart-phones.
5. Provide and configure end user devices (20 laptop) and accessories to facilitate access and management of shared ICT services centrally from the county head office.
6. Provide 5 heavy duty Printer/Scanner/Copier.
7. Clear Support and Maintenance strategy
8. Preparation of a Comprehensive technical documentation
9. Testing, Technical training and commissioning of the Network, Internet facility and Telephone system.
10. All the LANs and Back bone network must be able to support IP telephone system.

#### **1.1.OVERVIEW OF THE REQUIRED ICT NETWORK INFRASTRUCTURE**

- a) Local Area Networks (LANs), in various offices mentioned above are required which support secure communication, scalability, reliability and unified network management. The entire network will have a consistent architecture to reduce the total cost of network ownership for post implementation support and maintenance, component and interface management, scalability, security, redundancy and training.
- b) The LANs at the NCG Headquarters will be interconnected. Static and/or dynamic IP addressing and sub netting will be used to realize Virtual Local Area Network (VLAN) within the LANs. All active components used in the network must be able to facilitate management of the network from a central point and from remote locations.
- c) Fiber or other convenient modern technology shall be used for the LANs Backbone.
- d) Installation of a totally secure wireless LAN and internet facility at the county Headquarters offices.
- e) A wireless LAN controller Shall be connected to the distribution center to manage wireless Access Points (AP's) deployed at the county headquarters

- f) Hardening of equipment shall be done to secure the network both at layer 2 and layer 3.
- g) A convenient IP addressing scheme for the LAN shall be established in collaboration with the NCG ICT Department.
- h) All the active components used in the network MUST integrate seamlessly.
- i) The Bidder must provide and install lightening surge protectors

Note: Bidders must demonstrate high level of competence in the deployment and installation of the proposed solution design.

## **1.2. REQUIRED INSTALLATION PRACTICE**

- a) For the Network Infrastructure, the Bidder will be required to install cabling in accordance with standard Structured Cabling System designs. Each subsystem will be implemented using Category 6A cablings compliant with components to be deployed in accordance with ANSI/TIA/EIA -568-B and ISO/IEC 11801 standards.
- b) Where Wireless media is used, it shall adhere to the regulatory requirements such as by the Communication Authority of Kenya.
- c) All network components must be connected to the earth wire as required by standard practice and manufacturer's recommendations.
- d) All cabling infrastructure should make provisions aspects for possible future growth
- e) All adapters must be compatible with the transmission capacities of the equipment to which they connect.
- f) All cables and connectors must be labeled with permanent indelible labels.
- g) The bidder will be required to comply with the manufacturer's recommended installation practices.
- h) The bidder will be required not to interfere with the existing infrastructure unless with express authorization from office of the Director - ICT and e-Government
- i) For each LAN, the installation will consist of a relevant topology with horizontal UTP subsystem originating from switches and terminating with RJ45 sockets. For each data point, a patch cord of appropriate length (3M/5M) with RJ45 connectors at both ends will be required to connect the information point to the network interface adapter.
- j) Good cable management practice must be adhered to and proper color-coding used for easy identification.
- k) The bidder will be guided on the most appropriate and economical position to place distribution cabinets.

- l) High-speed Fiber Optic Backbone preferably or other modern high speed technology will be used to interconnect blocks/departments and links to the County head Office.
- m) Cables must be run in standard/Metal trunking with two (2) compartments within blocks/departments or otherwise. This trunking must allow for future growth e.g additional cabling, power.
- n) The Bidder will be responsible for supplying, installing and configuring all materials and components that are necessary to complete the establishment of the network.

### **1.3. LANs' OVERVIEW**

- a) LANs shall be established in offices within Narok Town as you will be shown during site survey
- b) All the offices are within a radius of 1 KM, the furthest being 2km from the county Head office.
- c) Fiber or other modern technologies shall be used to interconnect LANs in various blocks/departments
- d) The ICT network infrastructure and LANs must support MPLS, BGP, VPN, VLANs, Server Virtualization
  - Narok County Government intends to have a unified Wireless Network. Infrastructure for a totally secure wireless internet facility (Internet hot spots/access points and wireless LAN controllers shall be installed strategically to serve all offices mentioned above at the county Headquarters, to serve county staff mobile devices such as Laptops, iPads or Smart- phones.
  - The internet facility shall be established and hooked to a central distribution point/ where internet connection is terminated at the distribution point by the Narok County Government identified Internet service provider
- e) All ICT equipment/Computers shall be configured to access internet and other shared ICT services/Systems through the LANs

### **1.4. HORIZONTAL CABLING**

- a) The primary media for horizontal cabling will be 4-pair Unshielded Twisted Pair (UTP) which must meet or exceed ANSI/TIA/EIA-568-B and ISO/IEC 11801 standards requirements. UTP Category 6A quality cables shall be employed.
- b) The Narok County Government has preference for a solution and equipment which support Power over Ethernet, Hard security features, among other features
- c) Each room to be networked shall have wall plates (double or single depending on site survey) installed and each outlet terminated with 8 -pin modular jacks (RJ-45).
- d) Cables will be required to move through trunking firmly pulled. Cable conduits must not be overfilled.
- e) All user patch cords must be factory terminated shall be 3M/4M/5M in length depending on the location of the equipment. All user patch cords and cabinet patch cords will be supplied to match the total number of data points.

- f) Additional spare namely: 50 1M, 50 2M, 50 3M patch cord must be provided

### **1.5. BACK BONE CABLING**

- a) The primary media for backbone cabling will be fibred optic or other comparable media
- b) Multimode fiber optic cable (50/125 micron) or other will be used.
- c) The fiber optic cable shall have a minimum of 6 (six) strands or other.
- d) All strands must be terminated at each end of the fiber cable whether used or not.
- e) Each designated network interface will have the capacity to support 10 Gigabit Ethernet.
- f) All optical fiber components and installation practices shall meet applicable building and safety codes requirements and shall provide well organized cable installation management in accordance with the manufacturer's guidelines
- g) Outdoor fiber should be armored and must pass through conduits

### **1.6. PATCH PANELS**

- a) All patch panels must conform with ANSI/TIA/EIA-568B
- b) All Patch Panels must be scalable
- c) Patch panels must be equipped with RJ45 Category 6A sockets contacts.
- d) All patch panels, including fiber optic patch panels must be rack mounted
- e) All patch panels must be earthed to provide electrical safety to users in future and screening to prevent electromagnetic radiations.
- f) Fiber optic patch panels will be connected as per the amount of strands terminated at each location
- g) Except for the patch cords used to connect NICs to the RJ45 sockets, all patch cords must be labeled at each extremity with indelible marking.

### **1.7. LANs CONTROL**

- h) Active devices must be rack mounted in standard racks and connected to the backbone using appropriate Transceivers.
- i) Active devices for horizontal cabling must support 100/1000Mbps auto-sensing
- j) All fiber optic backbone links must be aggregated by a common active device.
- k) Active devices used at the LAN edge must support IP routing and auto-sensing for Ethernet port.

- l) Where necessary, active devices used at the LAN edge must be stacked together to meet the horizontal cabling requirements using interfaces operating at the backbone speed
- m) All active devices must support Power over Ethernet (POE) or otherwise equivalent
- n) Active devices used at the aggregation layer must support IP routing, have a redundant power supply, have at least 24 slots, support at least 32 Gbps of switching.
- o) Active devices used at the LAN edge must support IP routing and be stackable where necessary.

## **1.8. EQUIPMENT CABINETS**

- a) Cabinets shall have applicable sizes and may differ from block/LAN to block/LAN
- b) Cabinets must have forced cooling.
- c) The exact placing of the cabinet should be defined at the start of the works by the bidder in collaboration with technical department of the NCG.
- d) Equipment cabinets must provide enough space to accommodate cabling, cabling management, racks, patch panels and network control devices as required with convenient locations to provide access to operational personnel.
- e) Cabinets must be stand alone or wall mounted where applicable and doors must be lockable

## **1.9. UNINTERRUPTIBLE POWER SUPPLY UNITS (UPS)**

- f) SMART signaling, line interactive 1500VA for Departmental Cabinets and 5000VA UPSes for County HQ cabinets to support active devices installed in them.
- g) The UPSes must have automatic power on features after power outages. Their mode of operation must be such that after power outages/black out, they are automatically switched on.

## **1.10. CONNECTING ALL OFFICES TO HEAD OFFICE (AT ICT EQUIPMENT ROOM)**

- a) The proposed media for connecting all the LANs in all the offices to the Head Office is outdoor
- b) Fiber or other comparable media with a provision for redundancy.
- c) All strands should be terminated in a fiber patch panel inside a cabinet.
- d) The proposed topology must be originating from the head office.
- e) The CORE switching / routing device to support MPLS, BGP, VPN and Virtualization.
- f) Manholes where necessary shall be dug as per the industry standards with covers and lockable

## 2.1 Central Equipment Room

- (a) This room shall be at the Narok County Headquarters. The scope has to be planned with layouts and the diagram designed for power, central infrastructure, network infrastructure, environment, physical security and disaster management
- (b) The Floor plans shall include electrical schematic for UPS and its batteries/Inverters .
- (c) Network Infrastructure shall consist Cat 6A cables and patch panels.
- (d) Network cabling, patch cords and patch panels should be from a single vendor

The bidder shall avail a hard copy and a softcopy of documentation (both technical and general) to the Narok County Government detailing the layout, the devices and components used in the network which must include all information for future reference and maintenance. This is made to be used by technicians who will be manning the network service workmanship. In particular, the documentation must be structured to contain the following:

- a) Synopsis of the cabling
- b) Details of the components installed
- c) A detailed network diagram
- d) Security measures
- e) Measures to be taken for smooth post implementation operations
- f) Business continuity

## 2.2 Schedule of works

- i. It is expected that the Supply, Installation, Testing and Commissioning of the network infrastructures shall be completed not later than **sixty (60) days** following the signing of the Contract.
- ii. Bidders shall be required to submit phased schedules of their works showing critical activities proceeding with minimal interruptions. The Bidder is expected to adhere to these schedules with minimal variations as may be agreed with the County Government of Narok to ensure continuity of critical operations.
- iii. The Bidder shall guarantee Installation completions and the Commissioning of completed works within the specified period agreed as indicated in the schedule. If the Bidder fails to adhere to his schedule of works to complete installations and commission the completed works within the specified schedule, the Bidder may be required to pay liquidation damages by the County Government of Narok.

## **2,3 BIDDER'S RESPONSIBILITIES**

The bidder shall do the work with due care and diligence and in accordance with contractual terms and in strict adherence to best industry practices.

### **IMPORTANT NOTES**

- a) Use of Double (2 data points) Module face plates is required
- b) Conduct a comprehensive site survey and provide a solution for either structured back bone cable (fibre) or wireless back bone.(Mandatory)
- c) Bidders should include the price and model of active devices required as well as the cost for the network points.
- d) Each building should have a network switch minimum 24 port depending on the required points both voice and data.
- e) The bidder should also do 50mm twin chamber off-white metal trunking to house the cables and points.
- f) In case of wireless solution it should be point to multi point non line of sight at least 5Ghz
- g) The offices will have twin outlets both voice and data, cat 6A cabling, cat 6A patch panel voice and data.
- h) Bidders must have implemented the same architecture in at least 3 large organizations.
- i) The bidders must have Manufacturer authorization.(Mandatory)
- j) All active equipment must have a minimum 3 year warranty.
- k) The cabling should have 20 year warranty.
- l) The bidder must provide cabinet to house the patch panels and switches.
- m) Double ac power outlet (154) of 3\*2.5 mm.
- n) Refer to Section 2. Training, Completion and Commissioning below

### **3. TRAINING, COMPLETION AND COMMISSIONING**

- g) During implementation the bidder will work closely with ICT officers to ensure that they understand the hardware and software components deployed and their functionality

- h) The bidder shall be expected to facilitate/pay for Cisco CCNA certification and fiber Installation training for six officers at an institution in the country to be identified by the ICT Department. In addition, the bidder shall train 20 officers onsite for a period of not less than 5 full days on:
  - i. Technology and hardware deployed
  - ii. Operational, configuration and trouble shooting of the network infrastructure
  - iii. Network maintenance and administration.
- i) Upon installation completion; the bidder must carry out tests and document test results showing components used. All components must be tested after which a Completion Certificate shall be issued. The test should state the following:
  - (i) Number of data points
  - (ii) Type of cables and equipment/components used
  - (iii) Date completed
  - (iv) Type of Warranties
  - (v) Connectivity and bandwidth tests
  - (vi) Wire/cable and back bone routing schematic and Network diagrams
  - (vii) Fiber Backbone test results and summaries

#### **4, DAMAGE TO EXISTING EQUIPMENT**

Damages attributable to the Bidder or the Bidder's agents and/or assignees to any of the existing equipment or systems will be repaired or replaced at the Narok County Government specifications by the bidder. The costs associated with such repairs and/or replacements shall be borne by the Bidder on a cost-plus basis.

#### **5, WARRANTY AND SUPPORT**

The Bidder shall be required to give warranty accordingly. The Bidder shall warrant that all the work installations and equipment are free from defects and if any defect is discovered; then the Bidder shall take immediate action to replace the damaged device as required during the warranty period.

#### **6, ACCEPTANCE**

The Narok County Government acceptance will be based on visual inspection and satisfaction of the works done during installation of cable, trunking made, connections made, hardware and for other works as well with technical tests carried out and passed fully after completions. Acceptance will only be sanctioned after all technical tests have been ascertained to be in order and in compliance with the contractual terms.

#### **7. TECHNICAL BID**

- i. Bidders shall submit offers that comply with the requirements of the bidding documents which include the basic technical design. Bidders wishing to offer technical alternatives to bidding document requirements must submit bids that comply with bidding requirements which include basic technical designs, drawings and Specifications.
- ii. In addition to submitting the basic bid, the bidder shall provide all information necessary for complete evaluation alternatives which include technical specifications, breakdown of prices, proposed installation methods and other relevant details. Only technical alternatives if any with acceptable technical solutions conforming to basic technical requirements shall be considered.

- iii. The technical bid must contain the following:
- a) Details of technical specifications and performance characteristics of items and components to be supplied.
  - b) All materials and other supplies incorporated in the work installations must be new, unused and of most recent or current models. This should incorporate all recent improvements in design and materials.
  - c) The bidder's proposed methodology and implementation must include an implementation schedule.
  - d) The detailed layout diagrams for proposed solutions
  - e) Details of experience and past performance of the bidder on the similar works done, detailing the current work at hand and other contractual commitments.
  - f) Qualifications and experience of key personnel proposed for administration and execution of the contract, both on and off site. Relevant certifications shall be named.
  - g) Additional information deemed appropriate may be provided.

## Appendix B - Schedule of Payments and Reporting Requirements

*"Not applicable."*

## Appendix C - Breakdown of Contract Price

The overall summary information regarding this tender is elaborated below. The scope of this tender includes the following:

- A. PROVISION OF LOCAL AREA NETWORK (LAN),
- B. WIRELESS LAN
- C. IP TELEPHONY SERVICES.

### **INSTRUCTIONS TO BIDDERS:**

- 1. Bidders are required to quote for Genuine Products which are brand new, internationally recognized and mature brands.
- 2. Bidders **MUST** attach Manufacturer data sheets for the product they propose to supply.
- 3. Bidders **MUST** append official company stamp and authorized signature on any attached technical data sheets.
- 4. Bidders **MUST** provide substantive responses **FOR ALL THE FEATURES** in the minimum

technical specifications irrespective of any attached technical documents. Use of the words such **YES, COMPLIANT, NO, TICK, BLANK SPACES** etc. will be considered non-responsive and shall lead to bidder's disqualification.

### 1. MINIMUM TECHNICAL SPECIFICATIONS FOR 12 CORE SINGLE-MODE ARMORED FIBER CABLE

## LABOUR AND INSTALLATION ACCESSORIES

### The Scope of Works

The successful bidder shall be required to carry out the following works;

- Installation of a new LAN to replace an old existing LAN
- Uninstalling of an existing old LAN.

The structured cabling activities include, but not limited to, the installation of metal trunkings, pulling and termination of UTP cables, cable management, labeling etc. The fibre works entail the installation of indoor or outdoor fibre cables to interconnect floors within the same building or offices within the same campus. Fibre installation may use existing conduits or new ones may be installed where required.

Prospective bidders will be provided with the scope of works and the LAN design for the site during the pre-bid site survey. Once the procurement process has been completed, the successful bidder will be awarded the contract. The successful bidder will be required to deliver all the LAN materials on site before commencement of the LAN installation. A technical inspection will be carried out on the LAN materials to ascertain that they meet the pre-order specifications. This will be followed by a pre-installation survey between NAROK COUNTY GOVERNMENT and the successful bidder and thereafter a work plan will be developed. The successful bidder will be required to install the LAN professionally in accordance with the provided designs and/or as per the instructions of the NAROK COUNTY GOVERNMENT Network Engineer on site within the stipulated timelines in the work plan.

No	Feature	Minimum Requirements	Bidder's Response
1.	Trunking	The trunking must be installed neatly as per the LAN design and the engineer's instructions. All cables must run through the trunking.	

2.	Horizontal cabling	The horizontal cabling should be done neatly and professionally as per the LAN design and the engineer's instructions on site.	
3.	Fibre cabling	Installation of fibre should be carried out according to the instructions of the network engineer on site. All the 12 cores must be terminated for each side of a cable.	
4.	Tools & accessories	The bidder is expected to include the cost of all the installation accessories (including but not limited to cable ties, wood screws, insulating tapes, draw wires, wall plugs and labels etc) in the labour cost.	
5.	Quality of works	The contractor is required to provide high standard installation service and quality workmanship. Cable management must also be neatly done.	
6.	Drawings and documentation	On completion of the works the contractor <b><u>MUST</u></b> provide all the relevant documentation and the LAN schematic diagram for the site.	
7.	Labeling	All the data points and ports on the Patch panels must be well labeled with Printed labels. The patch cords must also be labeled on both ends to match port numbers.	
8.	Testing and Commissioning	The Contractor is required to carry out professional test and provide results both in printed and in soft copy. A joint test and commissioning will be carried out by KRA and the contractor.	
9.	Defect Liability Period	The defect liability period shall be six (6) months after contract completion. The contractor will be required to return to site and rectify any defects that may occur within the defect liability period at no extra cost to the Authority.	

## A. IP PHONES TECHNICAL SPECIFICATIONS

No.	Technical Specifications	Minimum Requirement	Mandatory or Optional	Bidder Detailed Response to the Requirement. A simple Complied/No Complied statement will not be considered as a substantive response. Reference the Datasheet and provide public link to the Datasheet.
<b>Standard IP Phone Minimum Requirement (Cisco or Equivalent)</b>				
	IP Phone features and capabilities	Minimum colour screen display size 2.8" - 320 x 240 pixels	Mandatory	
		Support SIP and H.323	Mandatory	
		Support for wall mounting	Optional	
1		The proposed basic IP Phone shall be used for users with basic telephony needs	Mandatory	
2		The proposed basic IP Phone shall support PoE Class 1 and support for 802.3az. Please indicate the typical power consumption	Mandatory	
3		The proposed basic IP Phone shall support fixed-feature buttons for volume control, mute, speaker, call hold and main menu	Mandatory	
4		The proposed basic IP Phone shall support soft-key for call history, contact, voicemail, call transfer and call conference	Mandatory	
5		The proposed basic IP Phone shall be able to support minimum two built-in 10/100/1000 Ethernet interfaces for network connectivity and for connecting to computer	Mandatory	
6		The proposed IP Phone model shall support Message Waiting Indicator	Mandatory	

7	The proposed IP Phone should be able to support WiFi connectivity if required for areas where LAN port is not available.	Mandatory	
8	A phone call can be placed via the IP phone by clicking the contacts in Microsoft Outlook, Skype for Business and other Microsoft Applications	Optional	

Provide a brochure highlighting key areas stated above

## B. IP TELEPHONY GATEWAY

No.	Minimum Requirement	Bidder Detailed Response	Reference to Technical documents
1	The fund will deploy 8 gates to large branches to provide telephony survivability services in the event the main system is down. The gateways will be deployed in 8 selected branches as will be advised by the fund.		
2	The gateways should have survivability features and options that allow gateways to continue operating even if the primary media server fails or in the event a WAN failure affects communications between the gateway and the media server		
3	The proposed gateways should be optimized for enterprise class telephony, and provide a variety of flexible deployment options, including 100% IP environments and blended environments such as IP and TDM if required.		
4	The gateways to be available in compact standalone, stackable, and chassis based configurations that support analog, digital, IP PoE, LAN, and WAN interfaces.		
5	The gateways should be interoperable with standards based data networks to provide maximum flexibility and reduce total cost of ownership		
6	The gateways should be equipped with DSP Channels for voice signal processing		

## C. SERVICES REQUIREMENTS

No.	Minimum Requirement	Bidder Detailed Response	Reference to Technical documents
	<b>Bidders shall provide proposal to achieve the following implementation services:</b>		
1	Project Rollout and Successful handover, Conceptual Design and Best Practice implementation of the IP Telephony solution should be based on OEM best practices as to fulfil the Fund technical requirements.		
2	Career technicians and project managers familiar with all manufacturers, models, and equipment, IP Telephony solution, IP networks VoIP technologies will be responsible for the implementation, and support of the IP Telephony solution.		
3	The implementation services will include deployment of IP Telephony at branch offices including any configuration and integration configurations in the HQ systems. The bidder will deploy the solution using best deployment methodology and to include planning, design, implementation, testing and commissioning. The bidder will ensure minimal service interruption during the deployment and migration stage.		
4	The implementation will include upgrading of the existing IP Telephony solution at HQ to the latest version and firmware.		
5	Perform preventive maintenance routines. The preventative Maintenance shall include: a. Health checks for all devices/equipment b. Firmware and software upgrades as		

	<p>applicable</p> <p>c. Equipment/devices cleaning to remove dust and residue accumulation</p> <p>d. Testing of equipment and devices</p> <p>e. Review of logs and alerts for equipment where applicable</p> <p>f. Check for any safety hazards Sign checklists for each device/item</p> <p>j. The required preventive maintenance duration is one working week every semi-annually.</p>

## TRAINING

No.	Minimum Requirement	Bidder Detailed Response	Reference to Technical Writeup
1	The successful bidder shall be expected to work closely with technical staff to plan and conduct knowledge/skill transfer as appropriate.		
2	The bidder will provide user guide documentation on how to operate the proposed phones to the distributed across the departments.		

Any bidder that fails to meet any of the required features shall be disqualified at this stage. Bidders that will meet all the product requirements shall proceed to the next stage (B) of the evaluation.

## B. IP-PBAX REQUIREMENTS EVALUATION

The tenderers will be evaluated based on their capacity to deliver the requirements/ the compliance of their proposed product /solution system to the stated functional requirements.

### TECHNICAL SPECIFICATIONS & REQUIREMENTS

The following checklist is provided to help the Bidder organize and consistently present his Technical Bid. For each of the following Technical Requirements, the Bidder must describe how its Technical Bid responds to each Requirement. In addition, the Bidder must provide cross references to the relevant supporting information, if any, included in the bid. The cross reference should identify the relevant document(s), page number(s), and paragraph(s). The Technical Responsiveness Check list does not supersede the rest of the Technical Requirements (or any other part of the Bidding Documents). If a requirement is not mentioned in the Check list that does not relieve the Bidder from the responsibility of including supporting evidence of compliance with that other requirement in its Technical Bid.

One- or two-word responses (e.g. "Yes," "No," "Will comply," etc.) are not sufficient to confirm technical responsiveness with Technical Requirements and as such will be treated as non- compliance. The requirement noted as "M/P" on the checklist depicts "Mandatory" and "Preferred" attribute of the requirement respectively. Bidders shall use the following options to indicate the "DEGREE OF SUPPORT OF COMPLIANCE" their solution provides for each of items listed in this section:

1. FS - (Fully Supported) the system fully supports the requirement without any modifications.
2. PS - (Partially Supported) the system supports the requirement with use of a system or workflow workaround.
3. NS - (Not Supported) the system is not capable of supporting the requirement and cannot be modified to accommodate the requirement.

Please tick the appropriate column to indicate one of the responses listed above for each item and add as many comments, as you may feel relevant in the "BIDDER'S TECHNICAL REASONS SUPPORTING COMPLIANCE" section. Wherever a "REQUIREMENT" is not "Fully Supported" by the bidder's solution, they are requested to provide a clear and concise explanation in the "BIDDER'S TECHNICAL REASONS SUPPORTING COMPLIANCE" section.
